

The Audi Q5 and SQ5
Pricing and Specification Guide
Valid from June 2016

Personalising your Audi Q5

This guide has been designed to help you tailor and price your Audi Q5 quickly and logically. At the back, you will find information on CO2 emissions-based taxation and services offered with your Audi, including Finance and Insurance. You can also configure your Audi Q5 online at www.audi.co.uk

The images featured in this guide are for illustrative purposes only. They may feature left-hand drive vehicles and include equipment that is not UK specification.

Vorsprung durch Technik

Three words that express the very essence of Audi – Vorsprung durch Technik. It's not just a slogan, it's our way of seeing the world and the driving force behind our history of innovation that continues into the 21st century. Indeed, many technologies that have become synonymous with Audi remain in our cars today. Some are milestones in the history of the motorcar. From our beginnings in 1899, to the Auto Union team's Grand Prix successes in the 1930s and our more recent wins at Le Mans, we have always been at the forefront of the motor industry.

Vorsprung durch Technik makes us who we are. To see more of its influence, just read on.

The streamlined Audi Q5

The Audi Q5 combines the design and elegance of a coupé with the practicality and space of a SUV. It also offers the exceptional grip of quattro all-wheel-drive, 18" alloy wheels and some other features you might not expect. There's a choice of direct-injection TDI and TFSI engines, a five-link front suspension and optional S tronic or tiptronic transmission.

Audi Q5 interior story

We've introduced a number of finishing touches to the Audi Q5 interior to make your driving experience both comfortable and unique. You'll find an impressive attention to detail in everything from the luxurious leather seating to our optional customised stitching, which means that every journey you make will be a personal one.

Engines

Petrol

TFSI direct-injection technology that includes supercharging, which combines FSI technology with forced induction – giving cars an extra injection of power and torque. It also delivers enhanced fuel efficiency as precisely the right amount of fuel and air are injected into the combustion chambers, enabling the engine to 'breathe' more easily. It results in reduced heat loss and increased output.

Diesel

We introduced TDI to the roads in 1989, and since then, we've continuously refined it, including developing common-rail technology. With this system, a series of piezo injectors use electrical charge to precisely control the amount of fuel injected into the engine. As well as reducing noise, this allows combustion to happen at a lower temperature, with less oxygen. The recently introduced bi-turbo diesel engine in the SQ5 plus is our most powerful six-cylinder diesel engine to date, capable of 340PS and a combined mpg of 42.8 (Urban 36.2mpg, Extra Urban 47.9mpg).*

Transmissions

S tronic

Driving is all about thinking ahead, which is just what the S tronic dual-clutch transmission does. It works almost as two separate systems, one engaging the odd-numbered and the other the even-numbered gears. So when you're accelerating in second, it has third gear waiting for you. And once you make the switch, it's already thinking about fourth. With two clutches working together, you can change gears almost instantly while experiencing smooth, virtually uninterrupted power.

tiptronic

The 8-speed tiptronic transmission system converts high-torque engine power into enhanced performance and operating convenience, with crisp, fast gear changes and an optimised gear-shift strategy. More spontaneous gear changes are a particular benefit and in the 'D' (Drive) and 'S' (Sport) programmes, the electronics used in tiptronic respond efficiently to every driver input.

Efficiency

We've incorporated a number of technologies into the Audi Q5 aimed to enhance your drive and improve efficiency.

Recuperation

When a vehicle brakes, the discs convert the kinetic energy into thermal energy, which is wasted as it cannot be used. With a recuperation system like the one in the Audi Q5, the kinetic energy is converted into useful electrical energy. The way it works is simple. While the car is coasting or braking, the alternator voltage is raised above the level of the basic electrical system, which enables the alternator to generate electrical energy and store it temporarily in the battery. When the vehicle accelerates, this energy is used to relieve the load on the alternator, resulting in a fuel saving of up to 3%.

Aerodynamics

A car's shape can have a big impact on its efficiency. It's why we've worked to make the Audi Q5 as aerodynamic as possible.

Automatic Start-Stop function

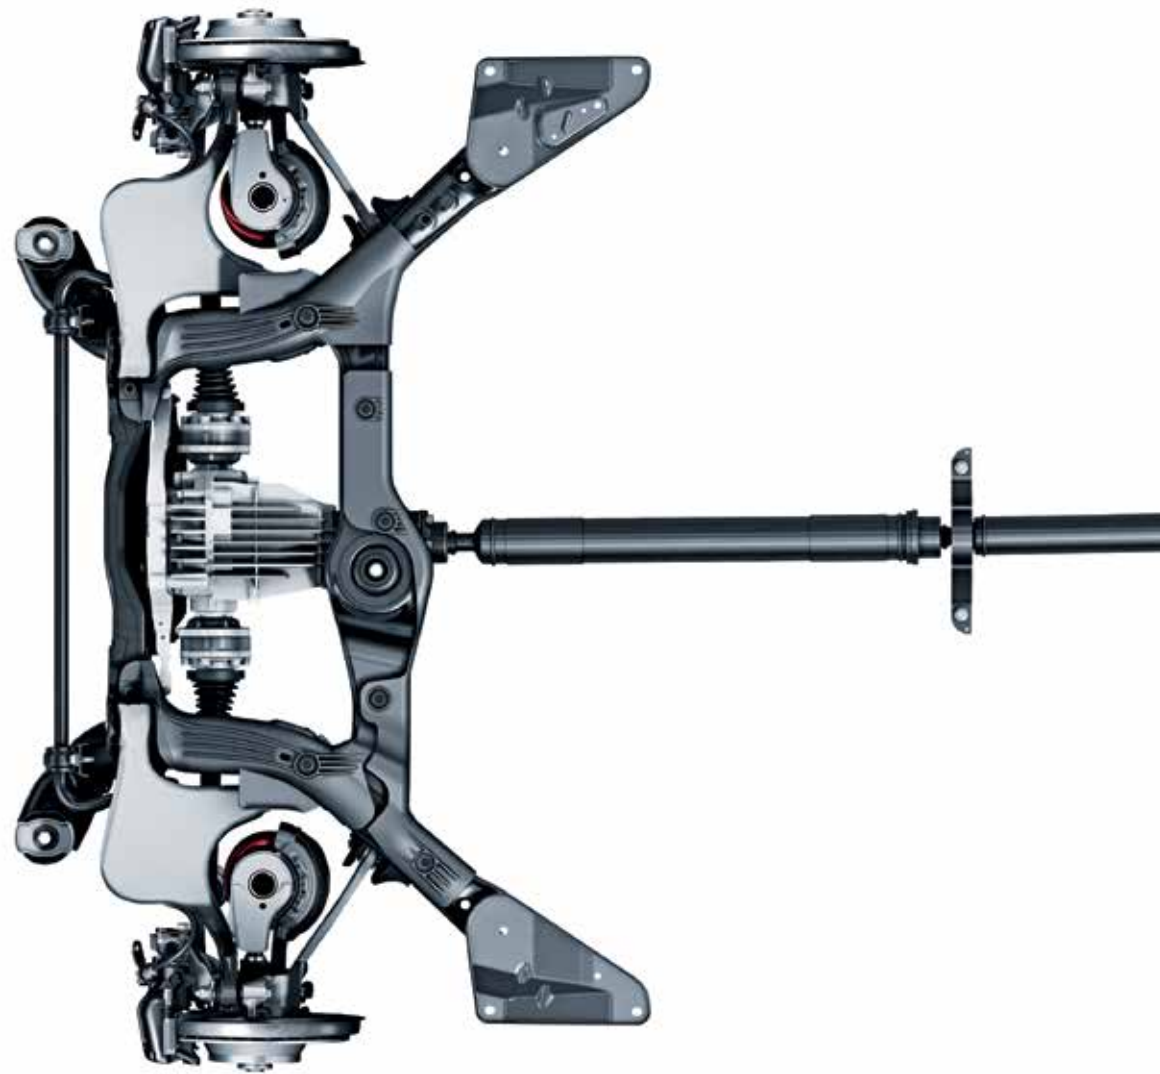

In heavy traffic, your car still uses fuel and releases CO₂, even when it's stationary. The automatic Start-Stop function counteracts this problem by switching off the engine when your car comes to a standstill. As soon as you touch the clutch, the car restarts.

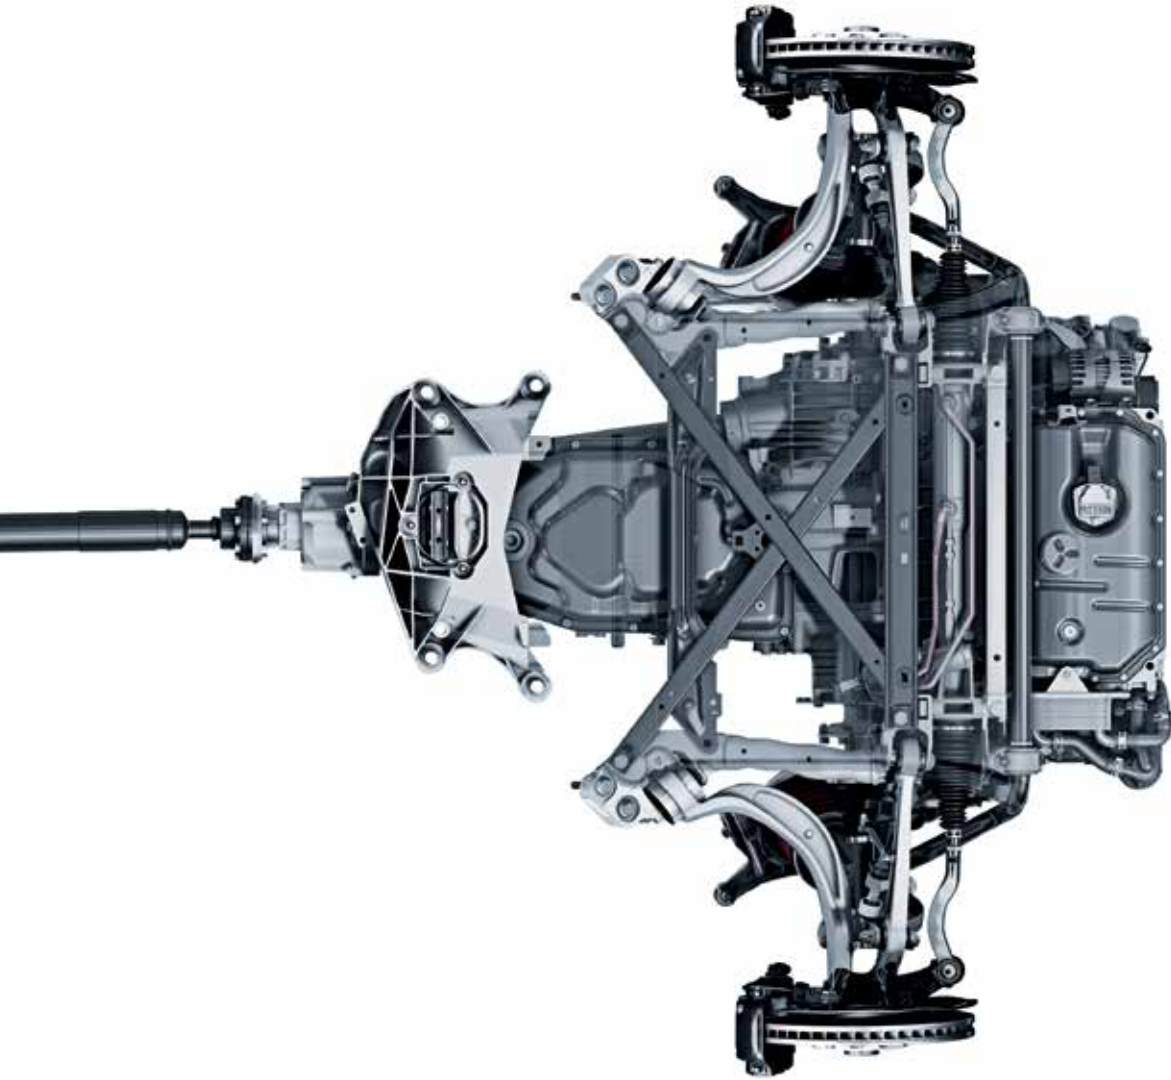

quattro

It's the technology that has been synonymous with Audi ever since it was first introduced over 30 years ago – a technology that helps deliver greater traction on all surfaces.

It's called quattro permanent all-wheel-drive. The principle is simple: in the same way that four brakes ensure better deceleration, four permanently-driven wheels aid acceleration and road-holding by distributing power to each individual wheel as necessary.

The result is a dynamic driving experience in all conditions.

It means that the Audi Q5 can sense changes in the surface beneath the wheels and adjusts their grip accordingly. So when conditions get a little more demanding – in particular, when you go off-road – quattro adapts, putting all the force of the Audi Q5's engine precisely where it's needed to handle the change in terrain.

SE model equipment

All Audi Q5 models have the following items of standard equipment

Engine

Automatic Start-Stop function

Recuperation for optimal energy utilisation

Misfuelling inhibition for diesel models

Wheels, tyres and suspension

18" x 8J '5-arm Star' design alloy wheels with 235/60 R18 low rolling resistance tyres and locking wheel bolts

Electromechanical power steering

Tyre repair kit

Audio and communication

Audi Concert radio which includes:

- Single CD drive and SDHC memory card reader which are MP3, WMA and AAC compatible

- 6.5" colour centre display with MMI operating logic

- AUX-IN connection

- TP memo – automatically saves traffic news when driving

Audi sound system – 10 high-performance loudspeakers (180 watts) and 6-channel amplifier

DAB digital radio reception – integrated into MMI, receives digitally-transmitted radio stations in addition to the range of analogue stations. Displays music track, artist and radio program. Capable of 'DAB slideshow' where transmitted. Reception dependent on local digital network. Automatic switch from DAB to FM reception if the network signal is not strong enough

Bluetooth interface – for mobile phone and software version compatibility, please visit your Audi Centre or www.audi.co.uk/phonecompatibility

Interior equipment

4-spoke multi-function leather steering wheel (with gear-shift paddles for automatic models)

Aluminium Satellite inlays

Cruise control – maintains any speed above 18mph, provided the engine power output and engine braking effect permit it; operated via separate steering column stalk. The set speed is displayed in the Driver's Information System

Deluxe 3-zone climate control with separate air distribution and digital display for the driver and front passenger. System includes air-conditioning controls in rear centre console for passenger compartment

Colour Driver's Information System – shows the radio station or track title, telephone control, menu and other display information from the infotainment system such as navigation (if fitted). Also includes an on-board trip computer with short and long-term memory, outside temperature display, digital speedometer and door or boot open warning

Front and rear electric windows

Front and rear floor mats

Front centre armrest including 12-Volt socket

18" x 8J '5-arm Star' design alloy wheels

4-spoke multi-function leather steering wheel

Deluxe 3-zone climate control

Safety and security

Auto-dimming rear-view mirror

Thatcham Category 1 alarm

Rest recommendation system – analyses driving behaviour based on steering, pedal and gear lever movements. If the system detects a change in driving patterns it can, via audio and visual effects, notify the driver of the possible need to take a rest

Light and rain sensor – automatically switches the dipped beam headlights and windscreen wipers on/off depending on the light and rain conditions. Also includes coming home/leaving home function which delays the deactivation of the front and rear lights after locking and automatic activation of the lights when unlocking

Electromechanical parking brake – includes parking brake function when stationary, drive-off assistance function through automatic release when driving away and emergency braking function whilst driving, acting on all four wheels

Tyre pressure loss indicator – visual and acoustic warning if the pressure drops in one or more tyres

First-aid kit

Front and rear fog lights

ISOFIX child seat mounting – for front passenger (with airbag deactivation) and outer rear seats. Including Top Tether attachment point for the outer rear seats

Halogen headlights with daytime-running lights

Hill descent assist (please see page 84 for further information) with off-road Electronic Stability Programme (ESP)

Front side airbags

Rear parking sensors – aids parking by acoustically indicating the distance to obstacles; measurement is by ultrasonic sensors integrated discreetly into the bumper

Tool kit and car jack

Warning triangle

Seats

Three-point seat belt with belt-force limiters for all five seats

Milano leather upholstery

Split-folding rear seat

Heated front seats. Individually controlled variable temperature adjustment

Exterior equipment

Aluminium roof rails with roof bar detection (automatically adjusts the Electronic Stability Control (ESC) to react to the higher centre of gravity when roof bars are in place)

Aluminium window trims framing the exterior side windows

Chrome-trimmed, flat-bottom design exhaust pipe – 2.0 TDI engines have a single exhaust pipe on the left-hand side, 2.0 TFSI and 3.0 TDI have one exhaust pipe on either side

Door mirrors – electrically adjustable and heated

Double-glazed windscreen and front side windows (only on 6-cylinder models)

Full body-coloured bumpers

Highly polished black grille with vertical chrome struts

Provision for towing equipment

Rear spoiler

Roof bars and storage bag

Chrome door handles and chrome tailgate strip

Halogen headlights with daytime-running lights

Aluminium roof rails

Door mirrors – electrically adjustable and heated

S line model equipment

In addition to SE model equipment

Total RRP inc VAT*
£2,400.00

Wheels, tyres and suspension

19" x 8J '5-spoke' design alloy wheels with 235/55 R19 tyres and locking wheel bolts

Standard suspension (S line Sport suspension available with no additional charge)

Seats

Front Sport seats in Fine Nappa leather with electric lumbar support (S line embossed)

Interior equipment

Black headlining

Matt-brushed aluminium inlays

S line 3-spoke leather multi-function steering wheel (with gear-shift paddles for automatic models)

S line sill plates and aluminium loading strip for the boot

Exterior equipment

Diffuser in Platinum grey

Rear LED lights

S line exterior styling package including:

- S line badges on front wings
- S line front bumper
- S line rear diffuser
- S line side skirts
- S line grille with chrome vertical bars

Xenon headlights with automatic headlight-range adjustment, headlight washers and LED daytime-running lights

19" x 8J '5-spoke' design alloy wheels

Matt-brushed aluminium inlays

Rear LED lights

Xenon headlights

Image shows the Audi Q5 S line model with optional Floret silver, metallic paint (L5) and Technology package (WB7).

S line Plus model equipment

In addition to S line model equipment

Total RRP inc VAT*
£2,500.00

Wheels, tyres and suspension

20" x 8.5J '5-segment-spoke' design alloy wheels with 255/45 R20 tyres

Audio and communication

Audi Music Interface. Universal connection for use with stereo audio sources, USB and MP3 devices including Apple iPod generation 4 onwards (iPod, iPod classic, iPod nano, iPod photo, iPod video, iPod touch). The interface provides charging function (dependent on device). Includes cable to connect your iPod or USB MP3 player device

Interior equipment

MMI Navigation system plus. Hard disk navigation with topographical map display, places of interest and town models in 3D, with high-resolution 7" colour TFT display. The system offers three alternative routes, with the ability to scroll along the selected route and manoeuvre within the map. Uses 7-digit postcode recognition. Includes split-screen mode for route information, dynamic route guidance (TMC), intersection zoom function, motorway exits and lane recommendations in Driver's Information System (DIS). Includes two SD card readers, single CD/DVD player, 40GB hard drive and Jukebox (20GB) for storing and managing music files in WMA and MP3 format. Includes European navigation data (where digitised). Additional functionality is available when combined with optional Mobile telephone preparation - High with Audi Connect (9ZW). For more details please see option 9ZW, featured in the Options section of the guide

Exterior equipment

Audi Parking System Plus. Acoustic and visual front and rear parking system with MMI screen display; measurement is by ultrasonic sensors concealed in the bumpers

Power-operated tailgate

Metallic paint

Privacy glass

20" x 8.5J '5-segment-spoke' design alloy wheels

Audi Music Interface

MMI Navigation system plus

Image shows the Audi Q5 S line Plus model with optional 20" '10-Y-spoke' design alloy wheels (PQ1).

SQ5 model equipment

In addition to SE model equipment

Wheels, tyres and suspension

20" x 8.5J '5-parallel-spoke' design alloy wheels with 255/45 R20 tyres. Includes small wheel arch extensions
'S' Sport suspension (30mm lower than SE suspension)

Interior equipment

LED interior light package
3-spoke 'S' Sport multi-function leather steering wheel with paddle shift and contrast stitching
Matt-brushed aluminium inlays
'S' instrument dials
Aluminium scuff plates with SQ5 logo

Seats

Electrically-adjustable front seats with SQ5 embossing. Includes adjustment for height, forwards and backwards position, backrest angle and lumbar support
Fine Nappa leather upholstery
Leather door armrests

Exterior equipment

Xenon headlights with automatic headlight-range adjustment, headlight washers and LED daytime-running lights
Rear LED lights
Aluminium-effect door mirror housings
'S' radiator grille with SQ5 logo finished in Platinum grey
Front black painted brake calipers with 'S' logo
'S' body styling
Exhaust pipes – two oval tailpipes on left and right-hand side in chrome rolled finish
Active Sound exhaust system
Chrome door handles*

20" x 8.5J '5-parallel-spoke' design alloy wheels

SQ5 grille with horizontal double chrome struts

Dual oval tailpipes

Image shows the Audi SQ5 model with optional Sepang blue, pearl-effect paint (E9) and 21" '5-twin-spoke Star' design alloy wheels in titanium look with a high-gloss finish (PQ8).

SQ5 plus model equipment

In addition to SQ5 model equipment

Wheels, tyres and suspension

21" x 8.5J '5-twin-spoke Star' design alloy wheels in titanium look with a high-gloss finish with 255/40 R21 tyres. Includes small wheel arch extensions

quattro permanent all-wheel-drive with Sport differential. The electronically regulated Sport differential distributes variable amounts of driving force to each rear wheel, improving stability and agility especially when cornering. It ensures better direct steering characteristics and, thanks to less steering effort, more agile handling

Audio and communication

Audi Music Interface. Universal connection for use with stereo audio sources, USB and MP3 devices including Apple iPod generation 4 onwards (iPod, iPod classic, iPod nano, iPod photo, iPod video, iPod touch). The interface provides charging function (dependent on device and cable). Includes cable to connect your iPod or USB MP3 player device

Interior equipment

MMI Navigation system plus. Hard disk navigation with topographical map display, places of interest and town models in 3D, with high-resolution 7" colour TFT display. The system offers three alternative routes, with the ability to scroll along the selected route and manoeuvre within the map. Uses 7-digit postcode recognition. Includes split-screen mode for route information, dynamic route guidance (TMC), intersection zoom function, motorway exits and lane recommendations in Driver's Information System (DIS). Includes two SD card readers, single CD/DVD player, 40GB hard drive and Jukebox (20GB) for storing and managing music files in WMA and MP3 format. Includes European navigation data (where digitised). Additional functionality is available when combined with optional Mobile telephone preparation - High with Audi Connect (9ZW). For more details please see option 9ZW, featured in the Options section of the guide

Seats

Fine Nappa seats with diamond stitching

Rear bench seat plus. Allows both the 1/3 and 2/3 sections of the rear bench seat to be independently adjusted by 100mm forwards and backwards. Also includes a through-load facility with an integral centre armrest containing two cup holders

Exterior equipment

Audi Parking System Plus. Acoustic and visual front and rear parking system with MMI screen display; measurement is by ultrasonic sensors concealed in the bumpers

Black styling pack consisting of black roof rails, black window surrounds, radiator grille frame in gloss black, radiator grille in matt black, number plate and fog light surround in high-gloss black

Black exterior mirror housings

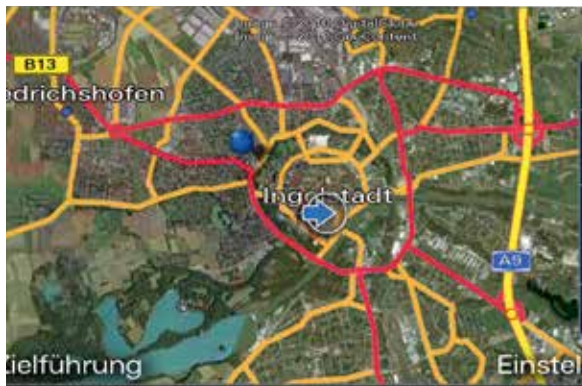

Rear spoiler in black

Door handles partially finished in high-gloss black

Power-operated tailgate

Metallic paint

Privacy glass

MMI Navigation system plus

21" x 8.5J '5-twin-spoke Star' design alloy wheels in titanium look with a high-gloss finish

Black styling pack*

Image shows the SQ5 plus with optional Sepang blue, pearl-effect paint (E9), 21" x 8.5J '5-twin-spoke Star' design alloy wheels in gloss black, with a high-gloss finish (PQ1) and Red brake calipers (PC2)

Audi exclusive

For that special touch, you can specify your Audi Q5 with options from Audi exclusive. Whether you want a unique, custom-mixed paint colour or seats in a combination of complementary shades, Audi exclusive will enable you to drive the car you've always imagined.

Both the exclusive and standard options can be found on the following pages.

Audi exclusive line

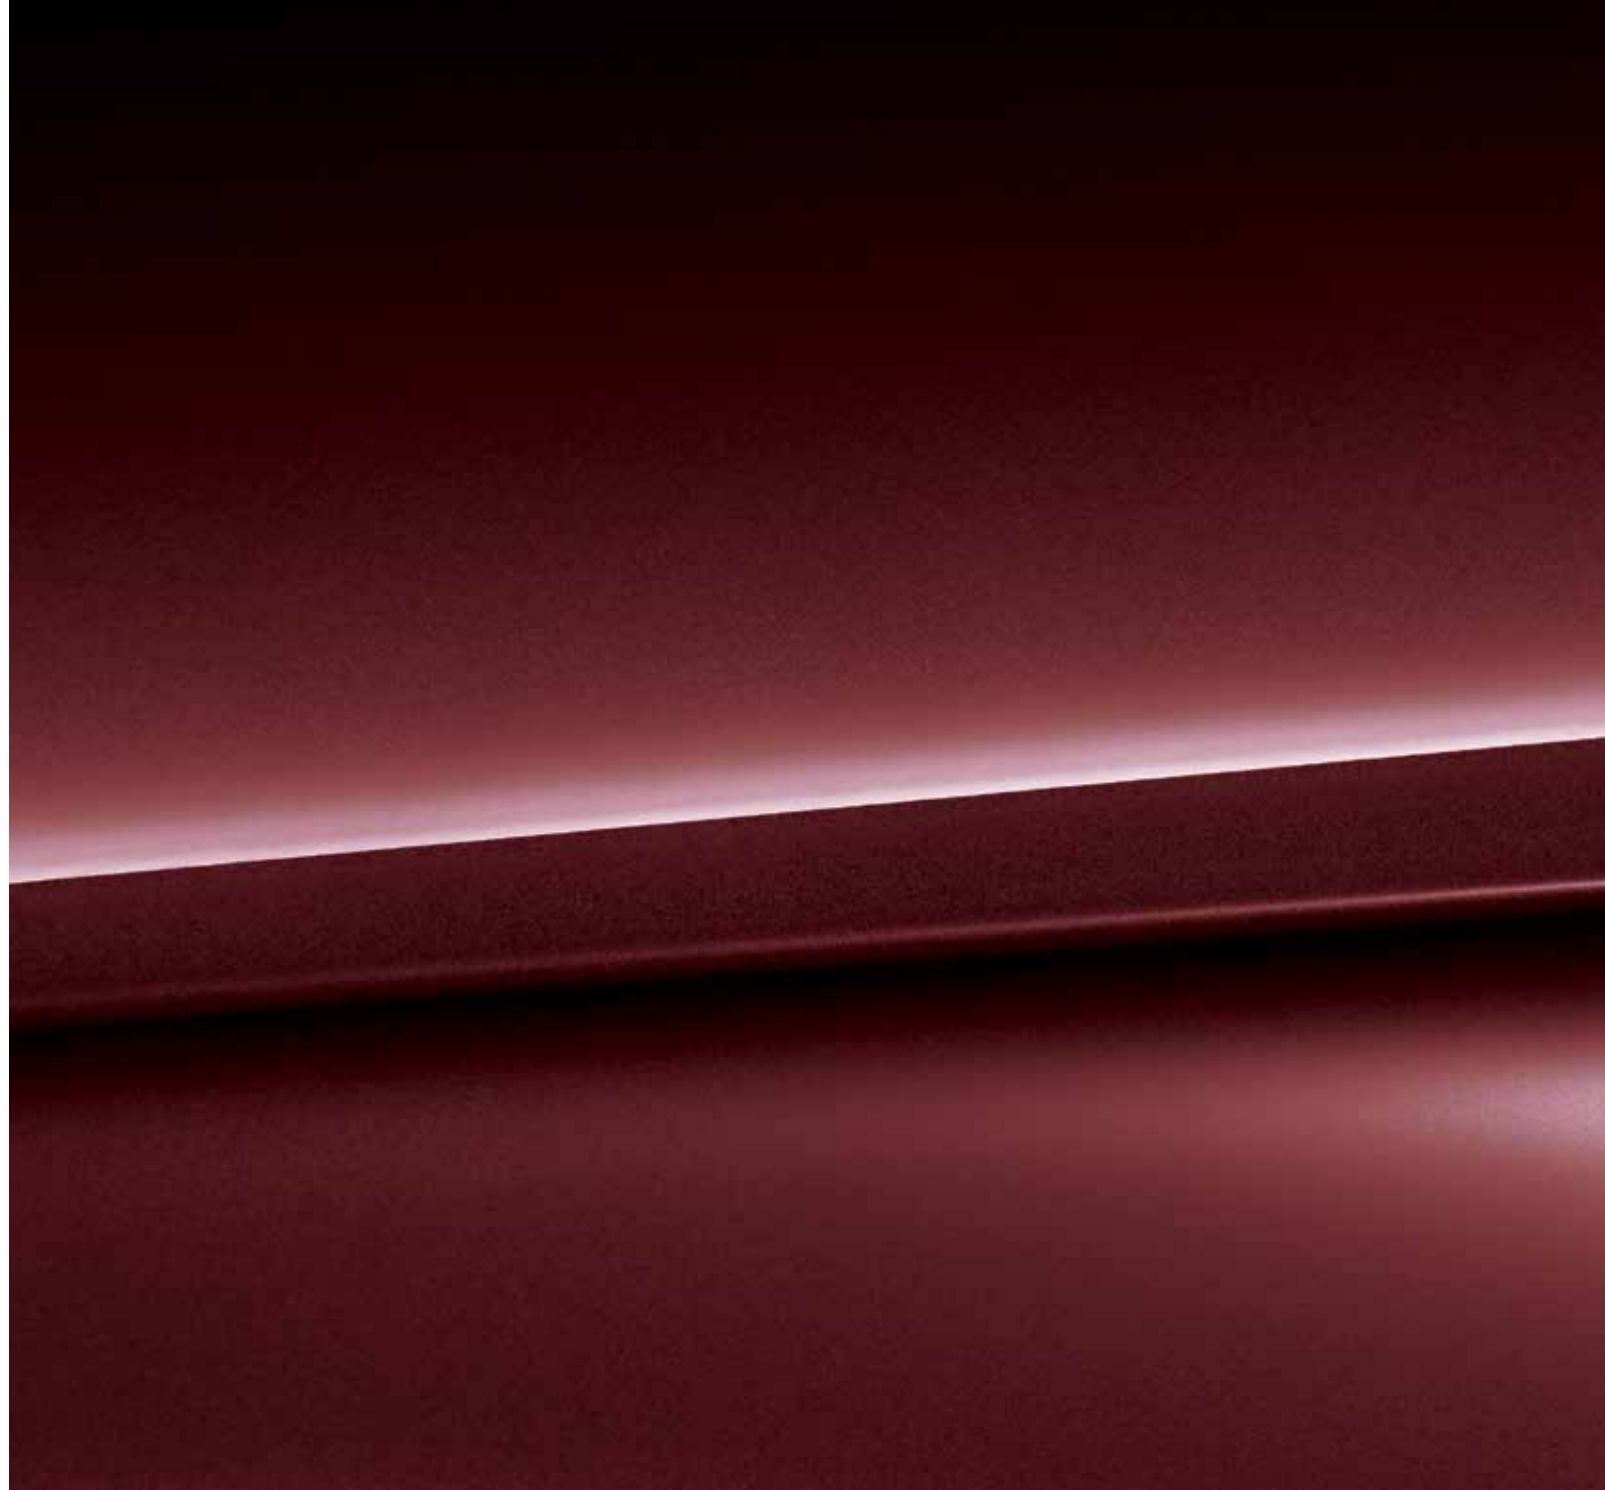

There are a number of ways to customise your car's interior with the Audi exclusive range. And if you'd like us to help you choose, we've put the most popular elements of the range together into one harmonious package – the Audi exclusive line.

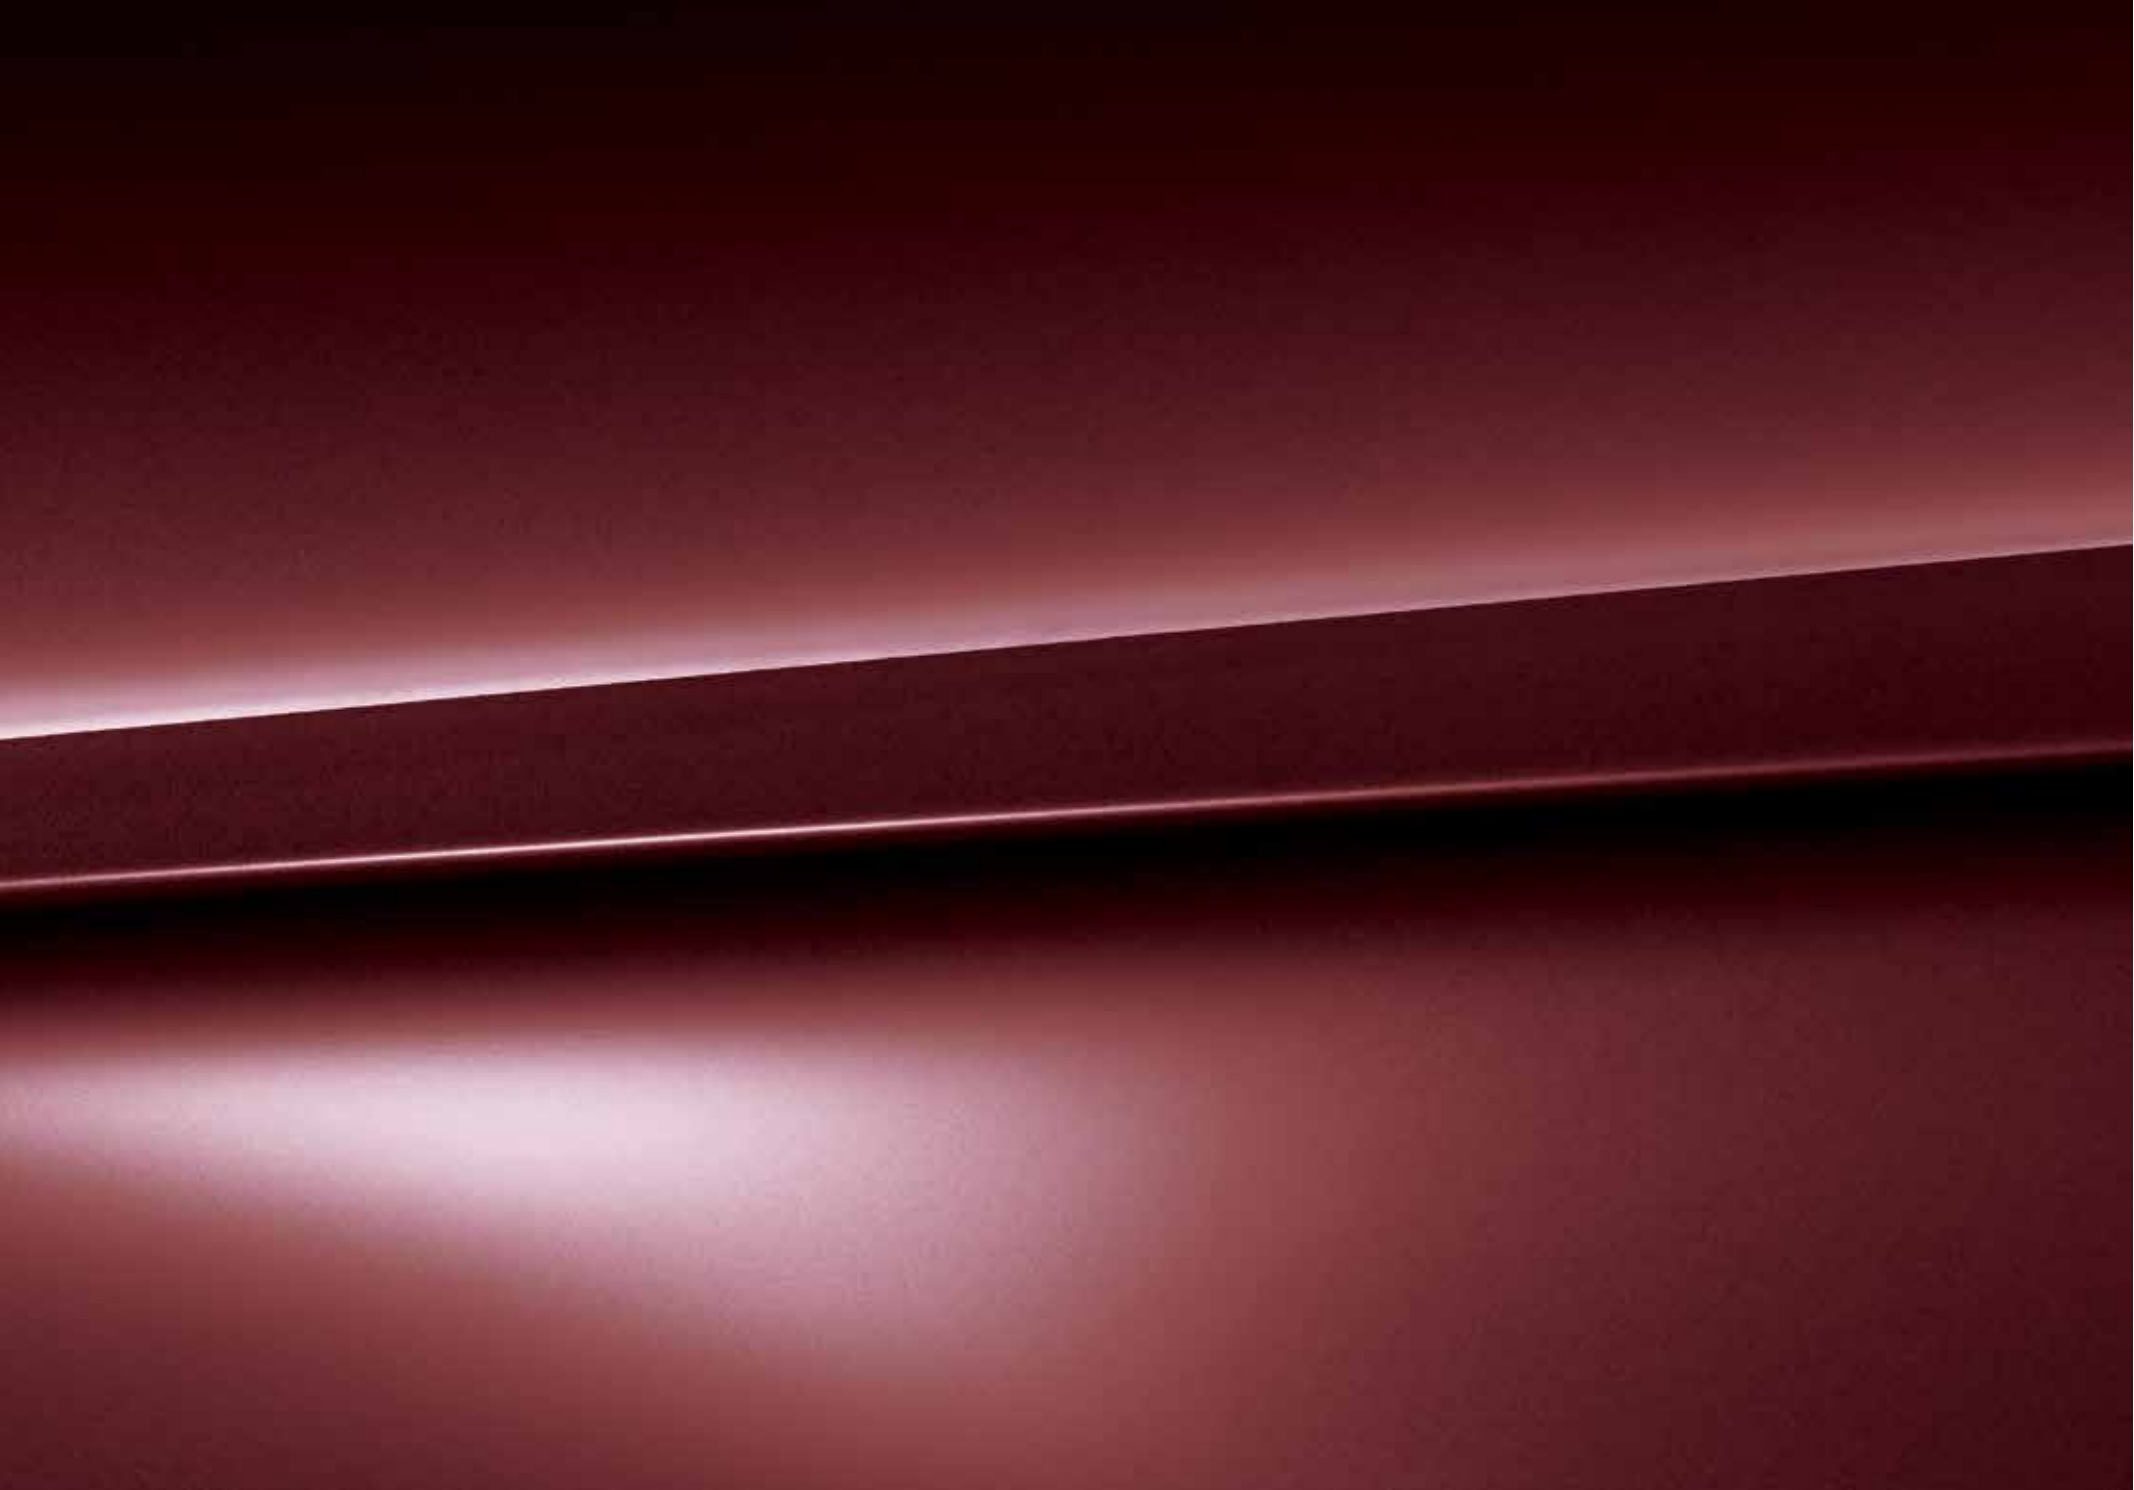

With experience spanning more than 20 years, our expert designers understand which elements work well together. From high-quality Fine Nappa leather seats to Audi exclusive door sill trims, every detail has been chosen to truly enhance your experience.

Paint

We believe that every part of your car should have a personal touch. Which is why you can choose from a wide range of paint colours, from solid to metallic and pearl-effect finishes.

Paint

You can select one of the standard colours shown opposite or, for a different look, choose from a range of optional finishes.

Options are subject to availability and may extend time taken for delivery.

All the colour swatches on this page are matched as accurately as possible to the actual paint colours used. However, due to print processes, Audi UK cannot guarantee that colours shown are 100% accurate.

Visit your local Audi Centre for a more accurate colour swatch.

*Not available on SQ5 or SQ5 plus.

**On S line Plus and SQ5 plus trim the metallic and pearl-effect optional colours have no additional charge.

***Only available in combination with the Extended Black Styling Package.

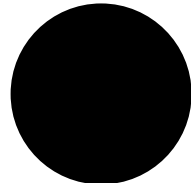

^Also available on S line Plus models if ordering the optional Extended Black Styling Package.

*Total RRP inc VAT – Recommended Retail Price including VAT which is calculated at 20%. This may alter to reflect any change in the applicable VAT rate.

Upholstery

Audi exclusive

With Audi exclusive, you can specify your seats in Fine Nappa leather, Valcona leather or Valcona leather/Alcantara in an array of different colours shown to the right.

Select just one all-over shade for each seat, or customise each panel in two or more complementary colours from the distinctive Audi exclusive palette. You can even choose the colour of the decorative stitching – to match or contrast with your chosen upholstery – from this varied collection. Whatever combination you decide upon, we think you'll be extremely satisfied with the result.

Options are subject to availability and may extend time taken for delivery.

All the colour swatches on this page are matched as accurately as possible to the actual upholstery colours used. However, due to print processes, Audi UK cannot guarantee that colours shown are 100% accurate.

Options

Every driver has different needs, which is why we have created some useful options to further enhance your car. For extra comfort, support, style or function, you can choose from a variety of additional features, tailoring everything from your infotainment and audio equipment to your wheels and lighting.

Wheels, tyres and suspension

Choose a set of specially-selected alloy wheels to subtly enhance the way your car looks. And you can also specify Audi Drive Select, which allows you to change suspension and steering settings according to your driving style.

19" x 8J '5-arm Star' design alloy wheels - PRV

19" x 8J '5-arm' design alloy wheels, partly-polished - PRL

19" x 8J '5-arm off-road' design alloy wheels - PQ2

PCF WB7 Technology package – Advanced. Includes all the features of Technology package (WB7) as well as: Adaptive Cruise Control with braking guard. Intelligent automatic speed and distance control system. Works at speeds from 20-100mph,* using radar sensors to measure and maintain required distance to vehicle ahead by braking and accelerating. Four programmes (distance 1 to distance 4) set via steering column controls of the cruise control system. Includes Audi braking guard – a system which triggers a visual and acoustic alarm when it detects the risk of a rear end collision with the vehicle in front. At speeds below 20mph, the system can initiate partial braking or full deceleration if a potential impact is detected or if it is not possible to completely prevent a collision, the system will focus on reducing the speed at which the vehicles collide Audi Side Assist. Aids the driver when changing lane. Audi Side Assist monitors the area behind your car using radar sensors located discreetly in the rear bumper. It then informs the driver with a visual warning signal in the door mirror if there is a vehicle in their blind spot or approaching quickly from behind	•	•	–	•	–	£2,320.00
PKQ 7M4 Off-road package. Includes front and rear bumpers, side ventilation grilles, door capping strips and wheel arch extensions in a striking off-road design. PG3	Advanced key. Access and authorisation system which automatically exchanges data between key and vehicle, allowing the driver to keep the key in their pocket or bag at all times. To unlock and open, simply lift the exterior door handle. To lock, press the button on the handle. Pressing the start/stop button integrated in the centre console starts and stops the engine	•	•	•	•	•	£470.00
8T4	Adaptive Cruise Control (ACC) with braking guard. Intelligent automatic speed and distance control system. Works at speeds from 20-100mph,* using radar sensors to measure and maintain required distance to vehicle ahead by braking and accelerating. Four distance levels and four driving modes are individually selectable (Dynamic, Standard, Comfort and Efficiency). Includes Audi braking guard – a system which triggers a visual and acoustic alarm when it detects the risk of a rear end collision with the vehicle in front. At speeds below 20mph, the system can initiate partial braking or full deceleration if a potential impact is detected or if it is not possible to prevent a collision, the system will focus on reducing the speed at which the vehicles collide	•	•	•	•	•	£900.00
VC1	Garage door opener (HomeLink®**). Programmable radio-operated remote control for compatible doors/gates. Control buttons integrated in the front roof module	•	•	•	•	•	£180.00

Looking after your Audi

When you've chosen your ideal model, it's reassuring to know that it will remain in safe hands. That's why we've created products to protect your Audi, from extended warranties to Audi Complete – our comprehensive service and maintenance package. And there's also a range of Audi accessories and merchandise to choose from, enabling you to further enhance and safeguard your car.

Audi Complete

If you drive under 10,000 miles per annum your vehicle will be placed on a Fixed Inspection Service schedule. If your mileage tends to exceed 10,000 miles per annum it will be placed on the Flexible Service schedule.

Warranty

All new Audi models come with a three-year warranty as standard, and you can choose to extend this to a four or five-year warranty* for a one-off cost. What's more, if you decide to sell your Audi before the warranty expires, it will be fully transferred to the new owner.

- = Not available
 ● = Available
 S = Standard

*Three-year warranty consists of a two-year unlimited mileage warranty and a third year warranty with a 60,000-mile limitation. Four-year warranty consists of a two-year unlimited mileage warranty and two further years' coverage with a 75,000-mile limitation. Five-year warranty consists of a two-year unlimited mileage warranty and three further years' coverage with a 90,000-mile limitation.

**Only available before registration of your Audi Q5. Please speak to your Audi Centre for full details.

*Total RRP inc VAT – Recommended Retail Price including VAT which is calculated at 20%. This may alter to reflect any change in the applicable VAT rate.

Audi Complete is our fixed-cost maintenance plan, which helps you keep your Audi in top condition and stay in control of your finances. For a simple monthly payment, you could cover your car's servicing, maintenance and, if you want, its tyres too.

So not only will you ensure your car runs smoothly, regular servicing can also protect its future resale value. And because everything's covered by one competitive price, there's no need to go anywhere else.

Pricing is completely tailored to your vehicle and takes into consideration the options you have on your vehicle and your likely annual mileage and resultant service schedule. Please speak to your Audi Centre for a personalised quote for Audi Complete.

Accessories

Choosing an Audi isn't just a matter of deciding on the model you want; it's about creating a car that suits your needs perfectly. And that's why we've developed a whole range of optional accessories to enhance your Audi Q5, enabling you to customise it down to the last detail. Like your Audi, all these accessories are developed to the highest possible standards. They're all available exclusively from Audi. To find out more, just visit www.audi.co.uk/accessories or contact your local Audi Centre.

Warranty

All of the accessories available on the Audi Q5 are covered by a three-year warranty* if they are ordered and included in the purchase price of the car at date of delivery. Any accessories ordered and installed after delivery include a two-year warranty*.

*Excluding Road Angel products. Audi Accessories warranty terms and conditions can be found at www.audi.co.uk/warrantyterms

Merchandise

From the enthusiasts' motorsport collection to the sophisticated Audi collection, there's a wide variety of adults' and children's clothing, lifestyle accessories and collectables, all of which bear the Audi name.

Please speak to a member of our team at your local Audi Centre to see the full Audi collection and to place an order. A selection of Audi merchandise is also available to buy from www.audi.co.uk/merchandise

Image shown is the Audi kids' car legends, item number 320.13.004.00

The Audi Difference

The experts in Vorsprung durch Technik

Our Audi Approved Master Technicians have undergone an impressive 100,000 hours of training over a 10-year programme to ensure they have the latest technical expertise for maintaining and servicing your Audi. All our Service Advisors undergo a specialist induction and training to ensure they are Audi professionals and able to talk to you about any issues you may have with your Audi vehicle.

Servicing tailored to your needs

Regular servicing is key to safeguarding your Audi's performance and a full service history could help you enhance the future re-sale value. To make servicing easy, the Audi Service Schedules have been designed to work with your individual driving style and vehicle.

We offer two different schedules: the Fixed Inspection Service and the Flexible Service schedule. The conventional Fixed Inspection Service schedule has fixed intervals for the Oil-change Service and Inspection Service, which are determined by time and distance.

With the Flexible Service schedule, the Inspection Service intervals are also fixed but the Oil-change Service intervals are variable. Sensors take account of driving style and conditions to determine when the Oil-change Service is required and the driver is informed via the on-board service interval display.

The choice of Service Schedule will depend on journey type and mileage as well as individual driving style and conditions. The table to the right can be used for guidance but your Audi Centre will help you to determine the most suitable Service schedule for you based on your individual circumstances and preferences.

Fixed Inspection Service Schedule

	Vehicle usage:
Mileage	Less than 10,000 miles per annum. Mainly city/town centre driving. Short journeys.
	Service Intervals:
Oil-change Service	Fixed to every 9,000+ miles/one year
Inspection Service	Fixed to every 19,000+ miles/ two years

Flexible Service Schedule

	Vehicle usage:
Mileage	More than 10,000 miles per annum. Motorway and main road driving. Mainly longer distance journeys. Constant speeds.
	Service Intervals:
Oil-change Service	Variable to a maximum of every 19,000+ miles/two years
Inspection Service	Fixed to every 19,000+ miles/ two years

When a vehicle is frequently used in the following conditions, we recommend a Fixed Inspection Service Schedule, regardless of mileage:

Uneconomical driving styles, e.g. heavy acceleration and braking, constant use of high revs

High engine-loading conditions, e.g. frequent towing and hill climbs

*As indicated by the service interval display. Mileages are approximate as the Service Indicator system uses kilometres as its distance measurement.

Your convenience comes first

At Audi you can choose from a range of convenient services that suit your needs. Why not book a 'service while you wait' appointment* and enjoy our complimentary refreshments while your car is with us? Or, if you need to be mobile, take advantage of one of our courtesy cars which we can even deliver to you.* We guarantee we can service your Audi within five days without a courtesy car or within 10 days if you need transport. We will also ensure your car is returned to you with a full valet.

Audi Genuine Parts

You can rest assured that only Audi Genuine Parts will be used on your vehicle. What's more, Audi parts and labour come with a two-year guarantee.**

No hidden costs

We believe strongly in transparency when it comes to our prices. For added peace of mind, we will give you a quotation over the phone for the work you have requested and email you the price confirmation. We'll consult you if any additional work on your car is needed when it is with us. We won't carry out any extra work without asking your permission first.

All part of the service

Whenever we see an Audi for a service, we connect it directly to our headquarters in Ingolstadt which enables us to check your car's software and make sure it's as up-to-date as possible. If the factory has released a software upgrade for your model, it can be applied immediately - improving anything from your car's efficiency to the precision of its parking system.

Audi Roadside Assistance

Your new car comes complete with three years' complimentary roadside assistance and recovery across the UK, provided by Automobile Association Insurance Services Limited. Also included is roadside assistance throughout Europe, managed by Automobile Association Insurance Services Limited.

For further information and terms and conditions please visit www.audi.co.uk

*Subject to availability.

**Excludes wear and tear.

Off-road capabilities of the Audi Q5

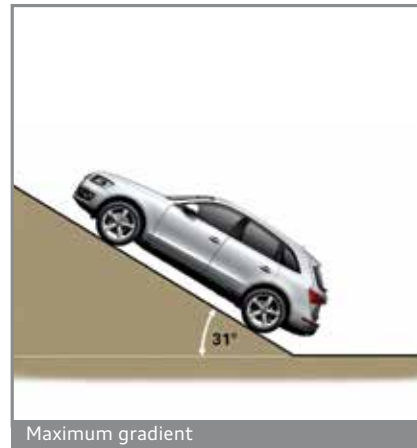

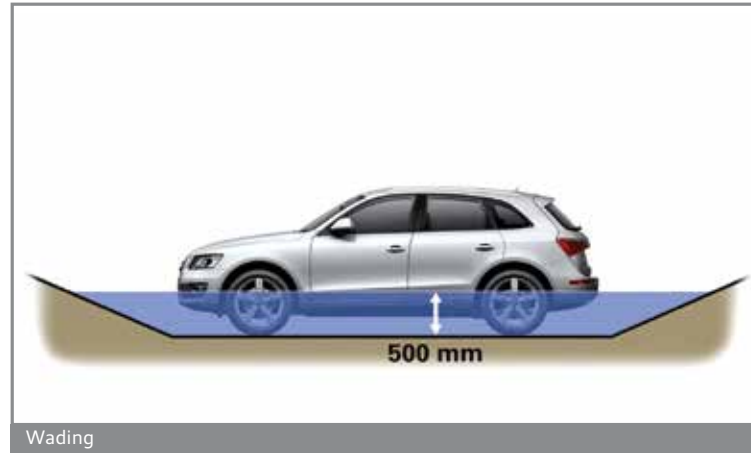

The Audi Q5 excels both on the road and off it, thanks to its impressive all-terrain abilities. And these attributes are reinforced by special technologies, such as hill descent assist, ABS with automatic off-road detection and an Electronic Stability Programme that includes an off-road mode.

Hill descent assist

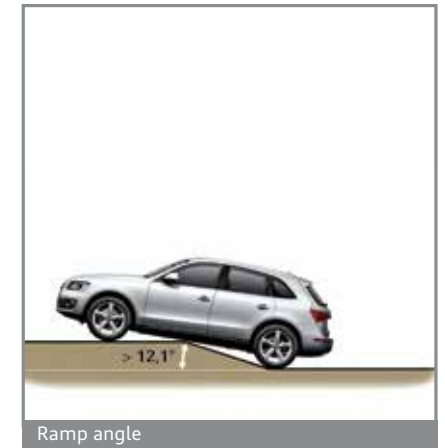

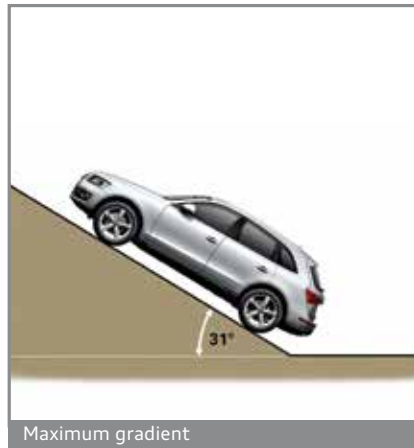

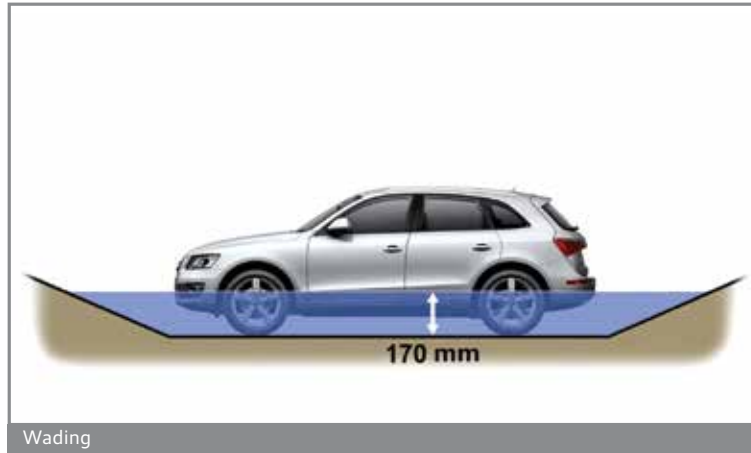

Available as standard in the Audi Q5, hill descent assist automatically maintains the speed set by the driver on steep descents and on any surface (up to 19mph). This makes negotiating descents far more straightforward and substantially enhances stability. Hill descent assist is activated and deactivated using a separate button.

ESP off-road mode

The Electronic Stability Programme in the Audi Q5 features a special off-road mode which can be controlled by a switch. This reprograms the ESP system, traction control and anti-lock braking system to adapt them to the driving conditions encountered in off-road terrain, such as sand, gravel or mud. This leads to good traction in all conditions, a more exciting drive and great handling even on unpredictable surfaces.

Off-road capabilities of the Audi SQ5

¹The given value was obtained in accordance with the specified measurement procedure (the respective current version of the Directive 80/1269/EEC).

²Fuel consumption and CO₂ emissions figures are obtained under standardised test conditions (Directive 93/116/EEC) using a representative model. This allows direct comparison between different models from different manufacturers, but may not represent the actual fuel consumption achieved in 'real world' driving conditions. More information is available at www.dft.gov.uk/vca

Standard EU test figures for comparative purposes and may not reflect real driving results.

Optional wheels may also affect emissions and fuel consumption figures.

Audi SQ5 and SQ5 plus technical data

Depending upon your chosen Audi SQ5 wheel size, different efficiency figures for CO₂ emissions and fuel consumption will apply (based on EU directive no. 715/2007 effective from 01/09/14). This table is a quick reference guide to assist you in finding the correct values based on wheel sizes and chosen engine.

[^]The addition of AdBlue® technology ensures compliance with EU6 emission standards. The use of AdBlue® will vary based on a number of conditions and the tank requires refilling when indicated on the instrument cluster.

*Electronically Limited

**Highest insurance group rating shown. Group may be lower dependent on trim level. Please visit www.thatcham.org/abigroupratings for details.

¹The given value was obtained in accordance with the specified measurement procedure (the respective current version of the Directive 80/1269/EEC).

²Fuel consumption and CO₂ emissions figures are obtained under standardised test conditions (Directive 93/116/EEC) using a representative model. This allows direct comparison between different models from different manufacturers, but may not represent the actual fuel consumption achieved in 'real world' driving conditions. More information is available at www.dft.gov.uk/vca

³Vehicle's unladen weight without driver (calculated in accordance with the current version of Directive 80/1268/EEC). The fitting of additional equipment may increase the vehicle's unladen weight and drag coefficient, whereupon the potential carrying capacity and top speed will be correspondingly reduced.

⁴The engine's power output always goes down with increasing altitude. At 1,000m above sea level, and for every additional 1,000m, deduct 10% from the weight of the outfit (trailer load limit + gross weight of the towing vehicle).

Standard EU test figures for comparative purposes and may not reflect real driving results.

Optional wheels may also affect emissions and fuel consumption figures.

Pricing and Additional information

Welcome to Audi

By placing an order for your Audi, you're choosing to drive a car created in the spirit of Vorsprung durch Technik. And because we believe the service we offer should reflect the quality of our cars, we want to let you know exactly what you can expect from us, now and in the future.

Audi Promise

Audi Centres

We guarantee that all our Centres will be open as follows:

Sales: Monday to Friday 9am–6pm
Saturday 9am–5pm

Service: Monday to Friday 8am–6pm
Saturday 8.30am–1pm

Sunday opening is at local discretion.

New car delivery

Once we've confirmed a delivery date for your car, we'll keep you informed of progress. Subject to reasonable notice, we'll then deliver it to a place of your choice, whether that's your home or work. In the unlikely event of a delay, we'll provide a courtesy car to minimise inconvenience and keep you mobile.

Information in this guide

We've done all we can to make the prices, specifications, technical details and all other information you see in this guide accurate at the time of publication. However, as our products are constantly being updated, we recommend checking the details with your Audi Centre. We reserve the right to change prices or specifications at any time.

All prices are subject to VAT, currently charged at 20%, but this may alter to reflect any change in the applicable VAT rate.

Delivery charges and number plates are not included in the Total RRP inc VAT vehicle price.

Delivery charge	£504.99
Number plate	£20.00
VAT	£105.01
Total	£630.00

Recommended On-The-Road (OTR) prices include the delivery and number plate charges above, Road Fund Licence (which may vary depending on model/transmission – see table for details) and first registration fee at £55.00.

The images featured in this guide are for illustrative purposes only. They may feature left-hand drive vehicles and include equipment that is not UK specification.

Audi Customer Care

Every new Audi benefits from the comprehensive Audi Customer Care Package, which comprises:

- ▶ A three-year Audi warranty, which covers you for unlimited mileage in the first two years of ownership, with a full mechanical and electrical warranty which covers you for up to 60,000 miles in the third year
- ▶ A three-year paint warranty
- ▶ A 12-year anti-corrosion warranty
- ▶ Three years' UK roadside assistance and recovery

You also have the option when ordering your new car of choosing a four-year or five-year Audi warranty. Speak to a member of the sales team for more information.

Warranty terms and conditions apply. Please see www.audi.co.uk/warrantyterms for further details.

Audi tax-free sales

If you are entitled to purchase a vehicle free of VAT, normally through military or diplomatic privilege, please contact your local Audi Centre for full details.

Should you have any difficulty obtaining the information you require, please call 0870 241 5663.

Audi Financial Services

Audi Financial Services specialises in providing funding solutions for Audi drivers. Whether your Audi is for private or business use, there is a range of funding options to choose from.

Below is the full range of finance products, which comprises:

- ▶ Solutions – a Personal Contract Plan
- ▶ Hire purchase
- ▶ Lease purchase
- ▶ Finance lease
- ▶ Contract hire

With all products, you can choose a fixed-cost maintenance plan designed to help you budget accurately.

No matter which Audi model you choose, your local Audi Centre can provide you with a personalised quote designed to fit your budget and motoring needs.

Audi Financial Services is a trading name of Volkswagen Financial Services (UK) Limited. An offer of finance depends on certain conditions. Available to people over 18 in the UK only.

Audi Insurance

To ensure you can start enjoying your new car from day one, the first five days' insurance is included as standard with all new Audi models. To activate simply call 0330 303 6900, provide us with a few details, and we'll send a cover note to your Audi Centre.

They will then tax your car and you can drive it away. Telephone lines are open Monday to Friday 8am–8pm and Saturday 9am–4pm. For details of our full range of Insurance products visit www.insurewithaudi.co.uk

Additional information

CO₂ data and information

CO₂ emissions-based Vehicle Excise Duty

Vehicle Excise Duty (Road Fund Licence) is based upon the amount of Carbon Dioxide (CO₂) a vehicle emits, measured in grams per kilometre (g/km). First year VED rates apply to the first year of ownership. Annual VED rates apply thereafter. The DVLA has created thirteen categories:

Petrol and Diesel engines	First year	Annual rate (second year onwards)
A – up to 100g/km	£0.00	£0.00
B – 101 to 110g/km	£0.00	£20.00
C – 111 to 120g/km	£0.00	£30.00
D – 121 to 130g/km	£0.00	£110.00
E – 131 to 140g/km	£130.00	£130.00
F – 141 to 150g/km	£145.00	£145.00
G – 151 to 165g/km	£185.00	£185.00
H – 166 to 175g/km	£300.00	£210.00
I – 176 to 185g/km	£355.00	£230.00
J – 186 to 200g/km	£500.00	£270.00
K – 201 to 225g/km	£650.00	£295.00
L – 226 to 255g/km	£885.00	£500.00
M – over 255g/km	£1,120.00	£515.00

Vehicle Excise Duty (VED) rates correct at time of going to print, but these may alter to reflect any change in the applicable VED rate.

Audi Connect

An external data source is required to enable Audi Connect online services. One of two can be used:

1. A Bluetooth compatible mobile telephone with remote SIM Access Profile (rSAP). For mobile phone and software compatibility please visit www.audi.co.uk/phonecompatibility or your Audi Centre.
2. A separate SIM card which can be inserted in the included SIM card reader. When a separate SIM card is used, hands-free phone calls are possible using the SIM card or by connecting a different mobile telephone via Bluetooth Hands-Free Profile. For mobile phone and software compatibility please visit www.audi.co.uk/phonecompatibility or your Audi Centre.

Online services will only be available within the coverage of the mobile phone network; there may be additional costs for the use of these services (charges and billing correspond to the personal mobile phone contract or SIM card contract). Due to high data volumes, a mobile phone contract including an unlimited or high usage data plan is strongly recommended. The content and scope of the online-based services offered may vary.

When ordered as an option, a 36-month Audi Connect subscription is provided with your vehicle. The subscription runs from the point of vehicle delivery. Should you wish to continue to use Audi Connect after 36 months, please consult your Audi Centre for details (including the latest subscription fees).

Audi Connect services listed are correct at time of publication. We may add, change, replace or remove individual Audi Connect services or features at any time during your subscription.

Audi Connect enables access to the services of Google and Twitter. Permanent availability cannot be guaranteed as this is the responsibility of Google and Twitter. Google and the Google logo are registered trademarks of Google Inc.

The availability of services supported by Audi Connect varies from country to country and is dependent on the capability of your mobile phone. For mobile phone and software compatibility please visit www.audi.co.uk/phonecompatibility or your Audi Centre.
