

The Audi RS Q3

Pricing and Specification Guide
Valid from May 2016

Personalising your Audi RS Q3

This guide has been designed to help you tailor and price your Audi RS Q3 quickly and logically. At the back, you will find information on CO₂ emissions-based taxation and services offered with your Audi, including Finance and Insurance. You can also configure your Audi RS Q3 online at www.audi.co.uk

The images featured in this guide are for illustrative purposes only. They may feature left-hand drive vehicles and include equipment that is not UK specification.

Vorsprung durch Technik

Three words that express the very essence of Audi – Vorsprung durch Technik. It's not just a slogan, it's our way of seeing the world and the driving force behind our history of innovation that continues into the 21st century. Indeed, many technologies that have become synonymous with Audi remain in our cars today. Some are milestones in the history of the motorcar. From our beginnings in 1899, to the Auto Union team's Grand Prix successes in the 1930s and our more recent wins at Le Mans, we have always been at the forefront of the motor industry.

Vorsprung durch Technik makes us who we are. To see more of its influence, just read on.

The Audi RS Q3. Style meets power.

The poise and style of a Q model. The power and performance of an RS. Welcome to the Audi RS Q3.

An impressive 2.5-litre TFSI engine delivers up to 367PS* and 465 Nm* of torque, while its 7-speed S tronic gearbox has been refined for faster gear changes.

The result: acceleration from 0-62mph in 4.4 seconds.* And, with RS design details both inside and out, a car that's as attractive as it is exhilarating.

LED lights

Look good, see better

Every Audi RS Q3 model comes complete with striking LED headlights. This innovative technology emits a continuous beam of bright light, with a colour close to daylight – for improved clarity of vision.

The sleek and subtle design of Audi LED headlights make them the perfect addition to the Audi RS Q3. And with dynamic LED indicators at the rear, the look is complete.

Handling dynamics

A car as powerful as the Audi RS Q3 needs systems that are just as powerful.

RS Sport suspension, engineered exclusively for RS models, lowers both axles and offers firmer tuning for a more dynamic, closer-to-the-road drive.

Optional RS Sport suspension plus with damper control is also available. Working in conjunction with Audi Drive Select, it allows you to determine the characteristics of the twin-tube shock absorbers according to road conditions and your driving style. The result? More agile and precise handling than the standard suspension – even at speed.

And to harness that speed, the Audi RS Q3 features high performance brakes. 8-piston fixed calipers adorned with the RS logo clamp each of the 365mm wave brake discs. These, in turn, are perforated and internally ventilated for enhanced performance – or, in other words, to slow you down faster.

quattro

Driving confidence, whatever the weather

The innovative all-wheel-drive system that helped us secure victories on the track comes as standard in the Audi RS Q3.

Harnessing the power generated by the engine, quattro provides optimised handling and an enhanced driving experience.

In everyday conditions, you'll experience a lighter, more agile drive. And, should conditions change unexpectedly, the Audi RS Q3 will be ready to respond – delivering power and traction exactly where it's needed.

Built for performance

We've refined and improved the 2.5-litre engine in the Audi RS Q3, helping it achieve up to 340PS of power, 450 Nm of torque, and a landmark fifth win at the International Engine of the Year Awards. We've also introduced a new Performance model, with an extra 27PS and a 0-62mph time of 4.4 seconds.

Each of the engines now offers more power at lower revs and is capable of sprinting all the way up to the maximum speed of 155mph.* Compact dimensions and low weight help the overall balance of the car, while the 5-cylinder core design makes an unmistakable sound through the RS exhaust system.

Engineered for responsiveness

The 7-speed S tronic gearbox transfers the engine's power to the quattro drivetrain via a newly designed, hydraulic multi-plate clutch.

Lower gears are spaced closely together for a sporty response, while the seventh is designed for fuel economy at cruising speeds. The result is faster, more responsive gear changes, with acceleration from 0-62mph in 4.8 seconds on the standard model, and 4.4 seconds on the Performance model.

Inside the Audi RS Q3

With any RS model, power is just part of the story. Step inside the Audi RS Q3 and you'll find a cabin richly appointed with RS design cues that accentuate its performance.

Sport seats, upholstered in either Leather/Alcantara or Fine Nappa leather with contrast stitching, set the tone. On the instrument cluster, red needles sweep across grey, RS-badged dials. And a bespoke Driver's Information System offers a special RS menu, with lap timer, oil temperature and boost pressure displays. The feeling is one of sporty refinement – and that's before you've even turned on the ignition.

Technology

Technology is advancing at an ever-faster pace and choosing the right features for your car is important.

Here at Audi, we strive to make that choice as easy as possible. So not only can you choose from the technologies below, you can also combine them by selecting packages like the Comfort or Technology packages. They bring together our most popular features for added convenience and value. For further details please see page 52.

MMI Navigation Plus

With HDD-based MMI navigation, you'll have access to 3D map view and 3D points-of-interest display. It means you'll be guided to your destination with greater ease. And, because destinations can be entered with both speech and writing, your attention remains firmly on the road. Only available in the Technology package.

Audi side assist

This assistance system for multi-lane roads helps alert you to other vehicles in your blind spot when changing lanes. Using radar sensors discreetly hidden in the rear bumper, other vehicles are detected and the driver alerted with a visual warning signal in the door mirror.

Audi parking system advanced with rear reversing camera

Aids parking by acoustically and visually indicating distances to obstacles with guiding lines. Measured by sensors and a rear reversing camera.

Audi active lane assist

An advanced Audi safety system which helps to keep you in lane using gentle steering intervention when lane boundary markings are detected. There's also an option that vibrates the steering wheel to alert you that you've drifted out of your lane.

Audi Connect

Stay networked on the move

Being inside your car shouldn't mean losing touch with the outside world. That's why, with Audi Connect, the Audi RS Q3 creates a link between you and the internet.

With 3G internet access in your car,* you can go online to access information, entertainment and Google Earth™ navigation maps by scrolling, tapping or speaking your commands. Audi Connect can even find you the cheapest fuel price in your area. And, with a wireless hotspot within the car, passengers can connect their mobile devices enabling them to browse the internet, download emails, or access social media. Audi Connect is available as a three-year subscription purchased as part of the optional Technology package.

With Audi Connect, the world stays at your fingertips.

Wi-Fi hotspot

Connects your mobile devices to the internet

Online media streaming

Access to global radio stations via smartphone app and Wi-Fi, plus access to your smartphone's media library

Weather information

Gives you forecasts and maps for your chosen destination

News online

Text and images about current world events

City events

Up-to-date information about events happening at your destination

Points-of-interest

Search Google™ using voice control for points-of-interest to return relevant information such as photos, opening times and visitor ratings

Traffic information online

Complements the dynamic route guidance with real-time traffic flow information for individual stretches of road

Fuel prices

Information on filling stations with the cheapest prices in your selected search area

Country-specific information

The legal regulations for a specific country, such as speed limits or whether it is compulsory to carry a high-visibility vest or display a motorway toll sticker, are displayed when crossing a border

Parking information

Helps you find car parks nearby and, where available, information on prices and currently vacant spaces

Navigate with Google Earth™ and Google Street View™

Uses high-resolution aerial and satellite images to guide you to your destination. Photos, terrain information, roads and their names as well as business listings supplement the information. Google Street View™ provides a virtual run-through of the street views from any angle

Destination entry via myAudi or Google Maps™

If required, navigation destinations can be conveniently planned on your PC or smartphone. myAudi and Google Maps™ allow individual navigation destinations to be sent to the vehicle. When you start your journey, these can be easily loaded as your destination

Travel information

Sightseeing information – with a function for importing the destination to the navigation system

*Please note that an external data source is required to enable Audi Connect online services. Terms and conditions apply to certain Audi Connect functions. Please see pages 52 and 70 for additional information.

Audi RS Q3 model equipment

All Audi RS Q3 models have the following items of standard equipment

Engine and transmission

Efficiency program in the Driver's Information System (DIS) – provides the driver with fuel-saving tips and a gear-change indicator

Recuperation – increasing the generator voltage converts kinetic energy into usable electric power when the vehicle is coasting or braking. This recuperated (brake) energy is then used to assist the generator during subsequent acceleration, giving a fuel saving of up to 3%

Start-Stop system – helps to reduce fuel consumption and CO₂ emissions by switching off the engine in stationary phases e.g. at traffic lights. The start process is initiated as soon as the foot brake is released when moving off again. Can be deactivated via a button at any time

Wheels, tyres and suspension

20" x 8.5J '5-twin-spoke-V' design alloy wheels, black matt, high-gloss turned finish

Anti-theft wheel bolts

Audi Drive Select – changes vehicle characteristics by adapting power steering assistance, accelerator characteristics and exhaust flap control. Modes available: Comfort, Auto and Dynamic

Electromechanical parking brake – includes parking brake function when the car is stationary, auto-release function to assist when pulling away and emergency braking function on all four wheels

RS high-performance braking system – 18" diagonally-split high-performance braking system, Antilock Brake System (ABS) with Electronic Brake Force Distribution (EBD), Electronic Stabilisation Control (ESC), hydraulic brake assist, adapted brake booster function; wave brake discs at front in composite design, ventilated and perforated, ventilated brake discs at rear; brake calipers painted in High-gloss black, front calipers feature RS emblem

RS Sport suspension – with dynamically tuned spring/damper combination; McPherson spring strut-type axle at the front with lower wishbones and aluminium subframe; four-link rear axle with separate spring/damper arrangement, subframe

Tyre mobility kit

20" x 8.5J '5-twin-spoke-V' design alloy wheels, black matt, high-gloss turned finish

RS high-performance braking system

Audi Music Interface

Audio and communication

6.5" display screen – manually retractable

Audi Music Interface (AMI) – provides connection to Apple iPod from 4th generation and Apple iPhone, as well as USB storage media and MP3 players

Audi sound system with 10 speakers including centre speaker in the dashboard and subwoofer beneath the luggage compartment floor. Total output of 180 watts and 6-channel amplifier

Bluetooth interface – for handsfree mobile phone connectivity and Bluetooth audio streaming (depending on compatibility and software version of mobile phone, please see www.audi.co.uk/phonecompatibility)

Colour Driver's Information System (DIS) – with high-resolution 3.5" TFT colour display in the dashboard binnacle. The DIS shows the radio frequency/station or track title, telephone control menu and other display information from the infotainment system such as navigation (if fitted). Also includes an on-board trip computer with short and long-term trip memory, outside temperature display, digital speedometer, door or boot open warning and efficiency program; RS menu with display of charging pressure, oil temperature and lap timer

Concert radio which includes:

- 50-station memory with dynamic station list, FM (VHF) and AM (MW) reception
- Single CD drive and two SDHC memory card readers (up to 32GB) which are MP3, WMA and AAC compatible
- MMI operating logic
- Speed-dependent volume control (GALA)
- TP memo function whilst driving

DAB digital radio reception – integrated into the MMI, receives digitally-transmitted radio stations in addition to the range of analogue stations. Displays music track, artist and radio program. Capable of 'DAB slideshow' where transmitted. Reception dependent on local digital network. Automatic switch from DAB to FM reception if the network signal is not strong enough

Satellite Navigation system – SD card-based. Route planning and guidance using voice, pictogram and 2D mapping shown on the 6.5" colour display screen. Can be operated via the MMI controls, multi-function steering wheel or voice control system. Includes European map data and 7-digit postcode recognition

Voice control system – for key telephone and radio functions

Interior equipment

Aluminium-look pedals

Black cloth headlining

Cup holders – two, integrated into the centre console

Door sill trims with aluminium insert and RS Q3 logo

Dual-zone electronic climate control with sunlight-dependent control – electronically controls the air temperature, flow rate distribution, separate temperature distribution for driver and front-passenger side, automatic air recirculation control using an air quality sensor, combined filter, air vents in the rear centre console, ventilated glove compartment, separate defroster button for rapid defrosting of the windscreen and side windows, key-coded settings, includes a light/rain/humidity sensor

Electric windows – front and rear with safety system to limit maximum closing force and convenience opening/closing via remote control key

Flat-bottomed RS Q3 3-spoke perforated leather-trimmed multi-function steering wheel with contrast stitching in Rock grey and aluminium-look gear-shift paddles

Front and rear floor mats in black velour

Front centre armrest which can be moved forwards/backwards with adjustable angle. Also includes folding storage compartment and a 12V socket in the rear centre console

Inlays in Piano finish, black in the dashboard, door trims and centre console

Instrument cluster with grey dials, red needles and white scales, RS logo in the rev counter, automatic ready-check, adjustable lighting, electronic speedometer with odometer and trip odometer, rev counter, digital clock, coolant temperature display and fuel gauge

Interior lighting front and rear, with delayed switch-off and contact switches on all doors; luggage compartment and glove compartment lighting

Luggage compartment sill protection in stainless steel

Reversible luggage compartment floor – one side in high-quality velour, the other with a waterproof, hard-wearing plastic surface. Also includes additional storage compartments under the floor

RS selector lever knob in perforated leather, with RS emblem and trim ring in aluminium-look; selector lever gaiter in leather with decorative stitching in Rock grey

Smoking package – includes ashtray with removable aluminium-look lid with Audi rings and a cigarette lighter in the centre console (non-smoking package is available at no additional charge)

Steering wheel adjustable for height and reach

Washer fluid level indicator

Aluminium-look pedals

Door sill trims with aluminium insert and RS Q3 logo

Flat-bottomed RS Q3 3-spoke perforated leather-trimmed multi-function steering wheel*

*Image shown also includes optional inlays in Carbon, which are available at additional cost.

Audi RS Q3 model equipment

continued

Seats

Heated front seats – individually adjustable in several stages for driver and front passenger seats. Seats, backrest centre panels and side seat bolsters can be heated

Front Sport seats with shaped seat side bolsters for better lateral support. Also includes manual adjustment of seat height, fore/aft position, seat angle, head-restraint height and seat belt height, plus electric 4-way lumbar support and extendable thigh support

ISOFIX child seat mounting – for front passenger (with airbag deactivation) and outer rear seats. Including Top Tether attachment point for the outer rear seats

Seats upholstered in black Fine Nappa leather with embossed RS Q3 logo in the front seat backrests and contrast Rock grey stitching

Split-folding rear seat back

Exterior equipment

Door mirrors with matt aluminium-look housing – electrically adjustable, folding and heated. Also includes an automatic kerb view dipping function when reverse gear is selected. Mirrors are folded by twisting the interior mirror button on the inside of the cabin

Flat, Metallic or Pearl-effect paint

Full body-colour paint finish to the front and rear underbody guard, wheel arch trims and lower door trims

Heated windscreen washer jets

Matt aluminium styling package which includes:

- Front radiator grille frame, front side flaps, front lip air inlet duct, side window trims, upper edge of rear diffuser insert, side fins on the RS roof edge spoiler and roof rails in matt aluminium-look
- Front radiator grille, quattro logo in front air inlet duct, front side air intakes and B-pillar window trim in High-gloss black

Power-operated tailgate – opens by pressing button on the car key, button in the driver's door trim or soft-touch button in the handle recess on the luggage compartment lid. Including lid-closing assistance unit and programmable angle for the luggage compartment lid

Privacy glass. Dark tinted rear and rear-side windows from B-pillar backwards

RS design body styling which includes:

- Audi Single-frame radiator grille with honeycomb-design grid in High-gloss black with RS logo and one-piece trim frame in matt aluminium-look
- RS bumpers in a sporty dynamic design; at the front with large air inlets and side flaps in High-gloss black as well as body-coloured funnel-shaped air intake with quattro logo and at the rear with diffuser in High-gloss black
- RS design rear roof spoiler on the luggage compartment lid, painted in body colour
- RS Q3 model name on the luggage compartment lid

RS exhaust system with large, chrome-plated, oval tailpipe on the left

Tow bar bracket preparation – includes the wiring to the spare wheel well and control unit and adapted engine cooling. The set of parts for retrofitting is available from Audi Genuine Accessories

Windscreen with sunband for improved insulation of the windscreen and acoustic glass for reduced outside noise

Front Sport seats in black Fine Nappa leather with contrasting stitching in Rock grey*

All-weather LED headlights

All-weather LED headlights. LED technology provides lower energy consumption and enhanced contrast with a colour similar to daylight, for increased safety and good recognition by other road users. Includes all-weather light function to reduce the risk of the driver being dazzled when visibility is poor (in fog, rain or snow). Also includes LED daytime-running lights

LED tail lights including LED Dynamic Rear Indicators

Safety and security

Airbags which include:

- Full-size airbags for the driver and front passenger; in conjunction with ISOFIX child seat mounting for the front passenger seat including deactivation switch for the front passenger airbag
- Front side airbags integrated into the seat backrests
- Head airbag system: deploys over the side windows to protect the front and outer rear seat passengers in the event of a side impact

Anti-lock Brake System (ABS) with Electronic Brake Force Distribution (EBD) and hydraulic brake assist

Anti-Slip Regulation (ASR) reduces spinning of the drive wheels by reducing engine power and delivering more traction and stability on the road surface

Audi parking system plus – acoustic and visual parking aid for the front and rear of the vehicle with on-screen display of distance remaining from obstacles using a graphical representation. Measurement is by ultrasonic sensors integrated discreetly into the bumpers

Electronic Differential Lock (EDL). On surfaces with varying levels of grip, this start-off assistant automatically brakes the drive wheels on surfaces that are too slippery, thereby ensuring smooth, powerful progress

Electronic Stability Control (ESC) with Sport mode, can be activated in two stages; networks to the ABS, EBD, ASR and EDL with its own sensors and compares the driving data with reference data; provides better stability by targeted braking of individual wheels and intervention in the engine management system

First aid kit located in the right-hand side trim of the luggage compartment

Light and rain sensor – automatically switches the dipped beam headlights and windscreen wipers on/off depending on the light and rain conditions. Also includes coming home/leaving home function which delays the deactivation of the front and rear lights after locking and automatic activation of the lights when unlocking

Rear fog lights

Remote central locking with two foldaway keys – includes convenience closing and opening of the windows; with RS emblem

Seat belt reminder for all seats; an acoustic and visual warning signal reminds the passenger in the front seat to fasten their seat belt, a visual warning signal indicates when seat belts have been undone in the rear

Thatcham Category 1 alarm and immobiliser

Tool kit and car jack

Tyre pressure loss indicator – visual and acoustic warning if the pressure drops in one or more tyres

Warning triangle

RS exhaust system

LED tail lights including LED Dynamic Rear Indicators

Audi RS Q3 Performance model equipment

**In addition to
or replacement
of Audi RS Q3
model equipment.**

367PS. 465 Nm of torque.
0-62mph in 4.4 seconds.
Just some of what you'll
experience when you step
up to the Performance model.

Wheels, tyres and suspension

20" x 8.5J '5-twin-spoke-V' design
titanium alloy wheels with 255/35
R20 tyres

Red brake calipers

Interior equipment

Flat-bottomed RS Q3 3-spoke perforated
leather-trimmed multi-functional steering
wheel with contrast stitching in blue thread
and aluminium-look gear-shift paddles

Inlays in Carbon with blue thread

LED interior light package.

Glare-free illumination of the interior
thanks to energy-saving, durable LED
technology. Consists of:

- Interior lights, front and rear, including
reading lights
- Illuminated vanity mirror for driver and
front passenger
- Illuminated cup holders
- Illuminated storage compartment in the
centre console
- Entrance and footwell lighting as well as
illuminated inside door handles
- Reflected lighting for centre console
and inside door handles
- Illuminated vents
- Active door reflectors (with bulbs)

Through-load facility. For safely
transporting long objects, includes rear
centre armrest with cup holders and
storage compartment

Safety and security

Cruise control

Exterior equipment

Titanium styling package, including:
Front lip spoiler, radiator grille frame,
front side flaps, exterior mirrors, upper
edge of rear diffuser insert, side fins on the
RS roof edge spoiler, window frame trims,
roof rails and air intake ducts with quattro
logo in titanium grey

Advanced key – Access and authorisation
system which automatically exchanges
data between key and vehicle, allowing the
driver to keep the key in their pocket or bag
at all times. To unlock and open, simply
lift the exterior door handle. To lock, press
the button on the handle. Also includes an
ignition start/stop button integrated in the
centre console to start and stop the engine

Seating

RS Q3

Engine	Power	Transmission	CO ₂ g/km*	Total RRP inc VAT [^]	Recommended OTR [†]
2.5 TFSI quattro	340PS	7-speed S tronic	203	£44,785.00	£46,120.00

RS Q3 Performance

Engine	Power	Transmission	CO ₂ g/km*	Total RRP inc VAT [^]	Recommended OTR [†]
2.5 TFSI quattro	367PS	7-speed S tronic	203	£47,850.00	£49,185.00

***Please note:** CO₂ emissions can change if a different size alloy wheel is ordered onto the vehicle. This may also lead to a change to the VED amount payable. Please refer to pages 50, 67 and 70 for more information. Values based on standard EU test figures for comparative purposes and may not reflect real driving results.

The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of brake horsepower). To convert to brake horsepower, divide the PS figure by 1.0139.

[^]Total RRP inc VAT – Recommended Retail Price. VAT is calculated at 20% but this may alter to reflect any change in the applicable VAT rate.

***Recommended On-The-Road (OTR) retail prices include:** delivery charge, half a tank of fuel, number plates at £630.00 (inc. VAT), Road Fund Licence (which may vary depending on model/transmission – see page 70 for details) and first registration fee at £55.00. Vehicle Excise Duty correct at time of going to print, but this may alter to reflect any change in the applicable VED rate.

Paint

We believe that every part of your car should have a personal touch. Which is why you can choose from a wide range of paint colours, from solid to metallic and pearl-effect finishes.

All the inlay swatches on this page are matched as accurately as possible to the actual inlays colours used. However, due to print processes, Audi UK cannot guarantee that colours shown are 100% accurate.

*Inlay only available in conjunction with standard upholstery of leather/Alcantara with Blue stitching (N7R). Choosing an alternative leather will mean an alternative inlay must also be chosen.

[†]Total RRP inc VAT – Recommended Retail Price including VAT which is calculated at 20%. This may alter to reflect any change in the applicable VAT rate.

Options

Every driver has different needs, which is why we have created some useful options to further enhance your car. For extra comfort, support, style or function, you can choose from a variety of additional features, tailoring everything from your infotainment and audio equipment to your wheels and lighting.

Wheels and tyres

Choose a set of specially-selected alloy wheels to subtly enhance the way your car looks and drives.

WB4	Technology package – includes HDD-based MMI Satellite Navigation Plus, Mobile telephone preparation – High with Audi Connect and colour Driver's Information System (9Q8). HDD-based MMI Satellite Navigation Plus includes the following: navigation data saved on hard disk drive, high-resolution 7" colour display screen with high-quality map view. Map with topographical shading and many points-of-interest and city models shown in 3D. A choice of three alternative routes can be selected where possible. Includes a rotary button with integrated joystick function for searching in the map. Route information is displayed on a split screen (route instructions, points-of-interest along motorways, TMC traffic reports en route). Detailed intersection map and lane recommendations. Dynamic route guidance using TMC traffic information. Navigation address can be input using the voice control system. Route arrow instructions displayed in colour in the Driver's Information System. Includes full European map data and 7-digit postcode recognition. Also includes a hard disk drive jukebox function which can be used to store up to 20GB of music (MP3, WMA, AAC and MPEG4 compatible) and a DVD drive for playing music and video DVDs (when the car is stationary). The MMI Satellite Navigation Plus can be operated via the MMI controls, multi-function steering wheel or voice control system. Audi Connect provides access to a number of innovative online services via an internal UMTS (3G) module. Audi Connect online services include: navigation using Google Earth images™ and Google Street View™, destination entry via Google Maps™ or myAudi, online points-of-interest search and information services such as weather forecasts and the latest world news. Audi Connect also includes Audi traffic information online, which gives accurate real-time forecasts of the traffic situation along the chosen route. The traffic situation can be displayed on the navigation map or Google Earth image™. Audi Connect can also create a Wi-Fi hotspot in the car for convenient internet access using a mobile device (e.g. laptop or tablet). Many Audi Connect features can be simply operated via MMI Satellite Navigation Plus, the multi-function steering wheel or the voice control system	•	•	£1,010.00

Order Code		RS Q3	RS Q3 Performance	Total RRP inc VAT*
UH2	Audi hill-hold assist. Once the vehicle comes to a stop, Audi hill-hold assist uses either the ESC system or the electromechanical parking brake to hold the vehicle stationary for an unlimited amount of time, thus preventing it from rolling away on uphill or downhill gradients	•	•	£90.00
UG5	Hill descent control. Speed control by means of brake intervention and engine drag torque, whilst constantly maintaining speed depending on surface. The driver just has to steer, but does not have to accelerate or brake	•	•	£195.00
7Y1	Audi side assist. Aids the driver when changing lane. Audi side assist monitors the area behind your car using radar sensors located discreetly in the rear bumper. It then informs the driver with a visual warning signal in the door mirror if there is a vehicle in their blind spot or approaching quickly from behind. The system is activated using a button in the driver's door	•	•	£450.00
7Y4	Audi active lane assist. Lane markings are registered by an optical sensor in the windscreen from speeds of approximately 40mph or above. Camera identifies individual or coloured lane markings, e.g. yellow lines at roadworks. The lane departure warning system warns the driver if a detected lane marking is approached without indicating, and helps the driver to steer back towards the middle of the lane by making gentle steering movements. Steering wheel vibration can be activated as an additional warning when crossing lane markings. System is activated manually by a switch on the turn signal lever. Only available in combination with Comfort package plus (WB0). When ordered with Technology package (WB4), speed limit display is included as a no-cost option	•	•	£450.00
QR9	Speed limit display. Camera-based recognition and display of speed limits, including temporary speed limit displays (e.g. above motorways) Additionally, working within system limits, there is an evaluation of the particular situation in wet conditions, for speed limits that vary depending on time of day, for roadworks and when using a trailer. If a sign has not been recognised by the camera, thanks to Audi Connect the speed limit taken from the navigation data (where available) can be displayed. Only available as a no cost option when Technology package (WB4), Comfort package plus (WB0) and Audi active lane assist (7Y4) are ordered together	•	•	£0.00

Looking after your Audi

When you've chosen your ideal model, it's reassuring to know that it will remain in safe hands. That's why we've created products to protect your Audi, from extended warranties to Audi Complete – our comprehensive service and maintenance package. And there's also a range of Audi accessories and merchandise to choose from, enabling you to further enhance and safeguard your car.

Audi Complete

If you drive under 10,000 miles per annum your vehicle will be placed on a Fixed Inspection Service schedule. If your mileage tends to exceed 10,000 miles per annum it will be placed on the Flexible Service schedule.

Warranty

All new Audi models come with a three-year warranty as standard, and you can choose to extend this to a four or five-year warranty* for a one-off cost. What's more, if you decide to sell your Audi before the warranty expires, it will be fully transferred to the new owner.

- = Not available
• = Available
S = Standard

*Three-year warranty consists of a two-year unlimited mileage warranty and a third year warranty with a 60,000-mile limitation. Four-year warranty consists of a two-year unlimited mileage warranty and two further years' coverage with a 75,000-mile limitation. Five-year warranty consists of a two-year unlimited mileage warranty and three further years' coverage with a 90,000-mile limitation.

**Only available before registration of your Audi RS Q3. Please speak to your Audi Centre for full details.

*Total RRP inc VAT – Recommended Retail Price including VAT which is calculated at 20%. This may alter to reflect any change in the applicable VAT rate.

Audi Complete is our fixed-cost maintenance plan, which helps you keep your Audi in top condition and stay in control of your finances. For a simple monthly payment, you could cover your car's servicing, maintenance and, if you want, its tyres too.

So not only will you ensure your car runs smoothly, you'll also protect its future resale value. And because everything's covered by one competitive price, there's no need to go anywhere else.

Pricing is completely tailored to your vehicle and takes into consideration the options you have on your vehicle and your likely annual mileage and resultant service schedule. Please speak to your Audi Centre for a personalised quote for Audi Complete.

Order Code		RS Q3	Total RRP inc VAT [†]

Merchandise

From the enthusiasts' motorsport collection to the sophisticated Audi collection, there's a wide variety of adults' and children's clothing, lifestyle accessories and collectables, all of which bear the Audi name.

Please speak to a member of our team at your local Audi Centre to see the full Audi collection and to place an order. A selection of Audi merchandise is also available to buy from www.audi.co.uk/merchandise

Image shown is the Audi kids' car legends, item number 320.13.004.00

The Audi **Difference**

The experts in Vorsprung durch Technik

Our Audi Approved Master Technicians have undergone an impressive 100,000 hours of training over a 10-year programme to ensure they have the latest technical expertise for maintaining and servicing your Audi. All our Service Advisors undergo a specialist induction and training to ensure they are Audi professionals and able to talk to you about any issues you may have with your Audi vehicle.

Servicing tailored to your needs

Regular servicing is key to safeguarding your Audi's performance and a full service history could help you enhance the future re-sale value. To make servicing easy, the Audi Service Schedules have been designed to work with your individual driving style and vehicle.

We offer two different schedules: the fixed Inspection Service and the Flexible Service schedule. The conventional fixed Inspection Service schedule has fixed intervals for the Oil-change Service and Inspection Service, which are determined by time and distance.

With the Flexible Service schedule, the Inspection Service intervals are also fixed but the Oil-change Service intervals are variable. Sensors take account of driving style and conditions to determine when the Oil-change Service is required and the driver is informed via the on-board service interval display.

The choice of Service Schedule will depend on journey type and mileage as well as individual driving style and conditions. The table to the right can be used for guidance but your Audi Centre will help you to determine the most suitable Service schedule for you based on your individual circumstances and preferences.

Fixed Inspection Service Schedule

	Vehicle usage:
Mileage	Less than 10,000 miles per annum. Mainly city/town centre driving. Short journeys.
	Service Intervals:
Oil-change Service	Fixed to every 9,000+ miles/one year
Inspection Service	Fixed to every 19,000+ miles/two years

Flexible Service Schedule

	Vehicle usage:
Mileage	More than 10,000 miles per annum. Motorway and main road driving. Mainly longer distance journeys. Constant speeds.
	Service Intervals:
Oil-change Service	Variable to a maximum of every 19,000+ miles/two years
Inspection Service	Fixed to every 19,000+ miles/two years

When a vehicle is frequently used in the following conditions, we recommend a Fixed Inspection Service Schedule, regardless of mileage:

Uneconomical driving styles, e.g. heavy acceleration and braking, constant use of high revs
High engine-loading conditions, e.g. frequent towing and hill climbs

*As indicated by the service interval display. Mileages are approximate as the Service Indicator system uses kilometres as its distance measurement.

Your convenience comes first

At Audi you can choose from a range of convenient services that suit your needs. Why not book a 'service while you wait' appointment* and enjoy our complimentary refreshments while your car is with us? Or, if you need to be mobile, take advantage of one of our courtesy cars which we can even deliver to you.* We guarantee we can service your Audi within five days without a courtesy car or within 10 days if you need transport. We will also ensure your car is returned to you with a full valet.

Audi Genuine Parts

You can rest assured that only Audi Genuine Parts will be used on your vehicle. What's more, Audi parts and labour come with a two-year guarantee.**

No hidden costs

We believe strongly in transparency when it comes to our prices. For added peace of mind, we will give you a quotation over the phone for the work you have requested and email you the price confirmation. We'll consult you if any additional work on your car is needed when it is with us. We won't carry out any extra work without asking your permission first.

All part of the service

Whenever we see an Audi for a service, we connect it directly to our headquarters in Ingolstadt which enables us to check your car's software and make sure it's as up-to-date as possible. If the factory has released a software upgrade for your model, it can be applied immediately - improving anything from your car's efficiency to the precision of its parking system.

Audi Roadside Assistance

Your new car comes complete with three years' complimentary roadside assistance and recovery across the UK, provided by Automobile Association Insurance Services Limited. Also included is roadside assistance throughout Europe, managed by Automobile Association Insurance Services Limited.

For further information and terms and conditions please visit www.audi.co.uk

*Subject to availability.
**Excludes wear and tear.

*Electronically limited.

**Highest insurance group rating shown. Group may be lower dependent on trim level. Please visit www.thatcham.org/abigrouprating for details.

¹The given value was obtained in accordance with the specified measurement procedure (the respective current version of Directive 80/1269/EEC).

²Fuel consumption and CO₂ emissions figures are obtained under standardised test conditions (Directive 93/116/EEC) using a representative model. This allows direct comparison between different models from different manufacturers, but may not represent the actual fuel consumption achieved in 'real world' driving conditions. More information is available at www.dft.gov.uk/vca

³Vehicle's unladen weight without driver (calculated in accordance with the current version of Directive 92/21/EEC). The fitting of additional equipment may increase the vehicle's unladen weight and drag coefficient, whereupon the potential carrying capacity and top speed will be correspondingly reduced.

⁴Loaded up to roof with rear seat folded down.

Standard EU test figures for comparative purposes and may not reflect real driving results.

Optional wheels may also affect emissions and fuel consumption figures.

RS Q3 dimensions

The technical drawings opposite show the exact dimensions of the RS Q3, so you can check everything – from whether the car will fit in your garage to whether your luggage will fit in the boot.

Dimensions in millimetres. Optional equipment may affect dimensions.

*With roof aerial the height of the vehicle is 1,598mm.

**Maximum headroom.

***Shoulder width room.

****Elbow width room.

Dimensions were measured with vehicle at unladen weight, ground clearance measured with vehicle carrying its maximum load.

Luggage compartment volume in litres: 356/1,261 (measured by the VDA standard test method using 200 x 100 x 50mm blocks; second value: with rear seat folded down). Turning circle approx. 11.8m.

Pricing and Additional information

Welcome to Audi

By placing an order for your Audi, you're choosing to drive a car created in the spirit of Vorsprung durch Technik. And because we believe the service we offer should reflect the quality of our cars, we want to let you know exactly what you can expect from us, now and in the future.

Audi Promise

Audi Centres

We guarantee that all our Centres will be open as follows:

Sales: Monday to Friday 9am–6pm
Saturday 9am–5pm

Service: Monday to Friday 8am–6pm
Saturday 8.30am–1pm

Sunday opening is at local discretion.

New car delivery

Once we've confirmed a delivery date for your car, we'll keep you informed of progress. Subject to reasonable notice, we'll then deliver it to a place of your choice, whether that's your home or work. In the unlikely event of a delay, we'll provide a courtesy car to minimise inconvenience and keep you mobile.

Information in this guide

We've done all we can to make the prices, specifications, technical details and all other information you see in this guide accurate at the time of publication. However, as our products are constantly being updated, we recommend checking the details with your Audi Centre. We reserve the right to change prices or specifications at any time.

All prices are subject to VAT, currently charged at 20%, but this may alter to reflect any change in the applicable VAT rate.

Delivery charges and number plates are not included in the Total RRP inc VAT vehicle price.

Delivery charge	£504.99
Number plate	£20.00
VAT	£105.01
Total	£630.00

Recommended On-The-Road (OTR) prices include the delivery and number plate charges above, Road Fund Licence (which may vary depending on model/transmission – see table for details) and first registration fee at £55.00.

The images featured in this guide are for illustrative purposes only. They may feature left-hand drive vehicles and include equipment that is not UK specification.

Audi Customer Care

Every new Audi benefits from the comprehensive Audi Customer Care Package, which comprises:

- ▶ A three-year Audi warranty, which covers you for unlimited mileage in the first two years of ownership, with a full mechanical and electrical warranty which covers you for up to 60,000 miles in the third year
- ▶ A three-year paint warranty
- ▶ A 12-year anti-corrosion warranty
- ▶ Three years' UK roadside assistance and recovery

You also have the option when ordering your new car of choosing a four-year or five-year Audi warranty. Speak to a member of the sales team for more information.

Warranty terms and conditions apply. Please see www.audi.co.uk/warrantyterms for further details.

Audi tax-free sales

If you are entitled to purchase a vehicle free of VAT, normally through military or diplomatic privilege, please contact your local Audi Centre for full details.

Should you have any difficulty obtaining the information you require, please call 0870 241 5663.

Audi Financial Services

Audi Financial Services specialises in providing funding solutions for Audi drivers. Whether your Audi is for private or business use, there is a range of funding options to choose from.

Below is the full range of finance products, which comprises:

- ▶ Solutions – a Personal Contract Plan
- ▶ Hire purchase
- ▶ Lease purchase
- ▶ Finance lease
- ▶ Contract hire

With all products, you can choose a fixed-cost maintenance plan designed to help you budget accurately.

No matter which Audi model you choose, your local Audi Centre can provide you with a personalised quote designed to fit your budget and motoring needs.

Audi Financial Services is a trading name of Volkswagen Financial Services (UK) Limited. An offer of finance depends on certain conditions. Available to people over 18 in the UK only.

Audi Insurance

To ensure you can start enjoying your new car from day one, the first five days' insurance is included as standard with all new Audi models. To activate simply call 0330 303 6900, provide us with a few details, and we'll send a cover note to your Audi Centre. They will then tax your car and you can drive it away. Telephone lines are open Monday to Friday 8am–8pm and Saturday 9am–4pm. For details of our full range of Insurance products visit www.insurewithaudi.co.uk

Additional information

CO2 emissions-based Vehicle Excise Duty

Vehicle Excise Duty (Road Fund Licence) is based upon the amount of Carbon Dioxide (CO2) a vehicle emits, measured in grams per kilometre (g/km). First year VED rates apply to the first year of ownership. Annual VED rates apply thereafter. The DVLA has created thirteen categories:

Petrol and Diesel engines	First year	Annual rate (second year onwards)
A – up to 100g/km	£0.00	£0.00
B – 101 to 110g/km	£0.00	£20.00
C – 111 to 120g/km	£0.00	£30.00
D – 121 to 130g/km	£0.00	£110.00
E – 131 to 140g/km	£130.00	£130.00
F – 141 to 150g/km	£145.00	£145.00
G – 151 to 165g/km	£185.00	£185.00
H – 166 to 175g/km	£300.00	£210.00
I – 176 to 185g/km	£355.00	£230.00
J – 186 to 200g/km	£500.00	£270.00
K – 201 to 225g/km	£650.00	£295.00
L – 226 to 255g/km	£885.00	£500.00
M – over 255g/km	£1,120.00	£515.00

Vehicle Excise Duty (VED) rates correct at time of going to print, but these may alter to reflect any change in the applicable VED rate.

Audi Connect

An external data source is required to enable Audi Connect online services. One of two can be used:

1. A Bluetooth compatible mobile telephone with remote SIM Access Profile (rSAP). For mobile phone and software compatibility please visit www.audi.co.uk/phonecompatibility or your Audi Centre.
2. A separate SIM card which can be inserted in the included SIM card reader. When a separate SIM card is used, hands-free phone calls are possible using the SIM card or by connecting a different mobile telephone via Bluetooth Hands-Free Profile. For mobile phone and software compatibility please visit www.audi.co.uk/phonecompatibility or your Audi Centre.

Online services will only be available within the coverage of the mobile phone network; there may be additional costs for the use of these services (charges and billing correspond to the personal mobile phone contract or SIM card contract). Due to high data volumes, a mobile phone contract including an unlimited or high usage data plan is strongly recommended. The content and scope of the online-based services offered may vary.

When ordered as an option, a 36-month Audi Connect subscription is provided with your vehicle. The subscription runs from the point of vehicle delivery. Should you wish to continue to use Audi Connect after 36 months, please consult your Audi Centre for details (including the latest subscription fees).

Audi Connect services listed are correct at time of publication. We may add, change, replace or remove individual Audi Connect services or features at any time during your subscription.

Audi Connect enables access to the services of Google and Twitter. Permanent availability cannot be guaranteed as this is the responsibility of Google and Twitter. Google and the Google logo are registered trademarks of Google Inc.

The availability of services supported by Audi Connect varies from country to country and is dependent on the capability of your mobile phone. For mobile phone and software compatibility please visit www.audi.co.uk/phonecompatibility or your Audi Centre.
